

# PUBLIC CONVERSATION

## HOME ENERGY INNOVATION & INSIGHTS

November 18, 2024 | 5:30 - 8 p.m.

Key takeaways include presentations by Current - C Energy Systems' Sandra McCardell, Architect Steve Shaw, and Engineer Massoud Mogadham on residential energy conservation, focusing on windows, doors, and insulation. The presentation will be followed by time for people to breakout and ask questions to different information tables on a variety of topics related to energy efficiency, sustainability, and more.
