Los Alamos County Public Information Officer did remove resident names to protect their anonymity. Name was replaced with XXXXXXXXX.

Email or call: Julie Williams-Hill at julie.williams@lacnm.us or 505.662.8083

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

1	Scientific Sample	2,000 more houses.
2	Scientific Sample	A sports complex for our children ie basketball courts
3	Scientific Sample	Abandoned and dilapidated buildings
4	Scientific Sample	Abandoned buildings in town; restaurant options.
5	Scientific Sample	Abandoned commercial buildings, take too much space that could be use for residential
6	Scientific Sample	Ability for businesses to remain and thrive in Los Alamos
7	Scientific Sample	Accepting good input from citizens, not just activists groups.
8	Scientific Sample	access from/to LAC through pueblos that border county.
9	Scientific Sample	Access to modern affordable Internet and much better healthcare.
10	Scientific Sample	Access to quality restaurants
11	Scientific Sample	Accountability to the community.
12	Scientific Sample	ACTUAL affordable housing, including multi-story developments
13	Scientific Sample	actually implementing a broadband deployment instead of more studies wasting resources
14	Scientific Sample	Actually listen to and respect the needs and opinions of residents.
15	Scientific Sample	Addressing the issue of our empty business spaces. And being more cooperative with small business ventures.
16	Scientific Sample	Affordability for small businesses.
17	Scientific Sample	Affordable business rentals in the downtown area to suppport growth of small businesses
18	Scientific Sample	Affordable grocery stores.
19	Scientific Sample	Affordable home ownership.
20	Scientific Sample	Affordable housing
21	Scientific Sample	affordable housing
22	Scientific Sample	Affordable housing
23	Scientific Sample	Affordable housing
24	Scientific Sample	Affordable Housing
25	Scientific Sample	Affordable housing
26	Scientific Sample	affordable housing - affordable to non-lanl, or lower-tiered lanl employees, people making less than $100,000 a year
27	Scientific Sample	AFFORDABLE HOUSING - NOT ONLY HOMES FOR LAB WORKERS.
28	Scientific Sample	Affordable Housing and eliminating unoccupied buildings and unused land
29	Scientific Sample	affordable housing so that non lab workers can afford to live here.
30	Scientific Sample	Affordable housing, but that is limited due to the amount of real estate space available.
31	Scientific Sample	AFFORDABLE HOUSING.
32	Scientific Sample	Affordable housing.
33	Scientific Sample	Affordable housing. Get the old, retired millionaires out of town, demolish the old, 50, 60+ year old homes and build new housing.
34	Scientific Sample	Affordable housing; not just for low income people. Rentals are scarce; expensive; poorly maintained.
35	Scientific Sample	Affordable real estate (residential + commercial).
36	Scientific Sample	Affordable rent to new businesses. Rent is sky high due to lab.
37	Scientific Sample	Affordable retail spaces so we can have businesses in town other than LANL.
38	Scientific Sample	affordable space rentals for small businesses
39	Scientific Sample	Affordable spaces for small businesses. I think back to what it used to be and how many small retailers we had.
40	Scientific Sample	After hours entertainment.
41	Scientific Sample	Animal welfare, both pets and wildlife. There are serious issues with both.
42	Scientific Sample	Attract new businesses, don't put obstacles on their way
43	Scientific Sample	Attracting and maintaining strong commercial services (restaurants, department store, specialty stores)
44	Scientific Sample	Attracting and retaining service businesses (restaurants, shopping, hotels, storage, etc.)
45	Scientific Sample	Auto access in and out of Los Alamos / traffic flow.
46	Scientific Sample	Availability of affordable housing.
47	Scientific Sample	Availability of commercial products and services.
48	Scientific Sample	Availability of health care options, and recruitment/retention of health care workers to sustain medical care to a community of our size

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

49	Scientific Sample	Availability of health services. New to the area and had to wait 3 months for a doctor's appointment.
50	Scientific Sample	available, affordable housing for people who are in service jobs
51	Scientific Sample	balanced and fair application of budget
52	Scientific Sample	Barking dogs left outside in their yard along sidewalks.
53	Scientific Sample	Be more business friendly. LA gets an F for economic development.
54	Scientific Sample	being friendly to businesses. Fostering business growth
55	Scientific Sample	Better access to health providers 3-4 mos for a new pt. appt [?] !!.
56	Scientific Sample	better business development
57	Scientific Sample	Better county workers.
58	Scientific Sample	Better decisions about developing single homes-affordable.
59	Scientific Sample	Better health care facilities that can handle emergencies, surgeries, etc. Currently having to travel to Santa Fe or Albuquerque doesn't cut it.
60	Scientific Sample	Better land use,
61	Scientific Sample	Better shopping and dining opportunities are very desirable. I've heard from multiple sources that building code enforcement in this county is out of control and a reason to avoid doing business here.
62	Scientific Sample	Better shopping opportunities.
63	Scientific Sample	Bicycle commuting accessibility/safety/enforcement.
64	Scientific Sample	Big question.
65	Scientific Sample	Bike lanes.
66	Scientific Sample	Bike safety/traffic. Timing of construction. Please don't do all main roads at the same time.
67	Scientific Sample	Biking (road) lanes and paths!.
68	Scientific Sample	Bring more jobs to the county that are NOT LANL/Gov jobs I.e private business
69	Scientific Sample	Bring the electrical system into the 26th century; we are 60 years behind the times.
70	Scientific Sample	bringing in new businesses especially restaurants. Streamlining the code process for remodeling and opening new businesses.
71	Scientific Sample	Broadband for all - none reliable now.
72	Scientific Sample	Broadband high speed internet upgrades
73	Scientific Sample	Broadband.
74	Scientific Sample	Broadband.
75	Scientific Sample	Budget transparency; especially with regard to operating expenses; revenue; & subsidies of county facilities; e.g. aquatic center; golf course; etc. It is difficult or impossible to get this information from the county website.
76	Scientific Sample	Build up business diversity & options.
77	Scientific Sample	Building condos and townhomes for purchase, not just rental apartments
78	Scientific Sample	Building permits for home improvement are way to complicated and hard to meet requirements
79	Scientific Sample	Building/permitting process (its arbitrary)
80	Scientific Sample	Bury the utility poles and lines. In some areas, this has been achieved. In other areas, they are very unsightly, and people in whose yards we currently see these unsightly poles and wires are upset with the ugliness.
81	Scientific Sample	Bus service on weekends and after-school activity buses. (Transportation from the middle school is not reliable/ frequent enough)
82	Scientific Sample	Business environment: Help bring back a clothing or department store.
83	Scientific Sample	Business health.
84	Scientific Sample	Business Opportunities
85	Scientific Sample	Business opportunities downtown & in WR.
86	Scientific Sample	Business opportunities in town (LA and White Rock) - more seem to be leaving/closing than opening - believe most are shopping off the hill or online as a result
87	Scientific Sample	Cheap housing for all income ranges. Just because I make a lot of money does not mean I want to spend it on housing.
88	Scientific Sample	Child safety and activities
89	Scientific Sample	Clean up deserted look downtown!.
90	Scientific Sample	Cluter from vehicles too many are parked on the street.
91	Scientific Sample	Commercial business

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

92	Scientific Sample	Commercial development in the downtown area; including housing in the upper floors.
93	Scientific Sample	Commercial development in White Rock
94	Scientific Sample	Commercial facilities pricing
95	Scientific Sample	Commercial growth. More entertainment and restaurants.
96	Scientific Sample	Commercial retail
97	Scientific Sample	Community development
98	Scientific Sample	Commuter trafic flow through E Jemez/SR4 intersection at Tsankawi. This intersection causes evening backups through White Rock on SR4 and to the vicinity of the gun range on E Jemez.
99	Scientific Sample	Concentrate on abandoned buildings (Hallmark old smith's etc.
100	Scientific Sample	Conditions for keeping local business (rental price, taxes)
101	Scientific Sample	Continue to work on eliminating the blighted areas in downtown area. Hilltop House removal is a good start.
102	Scientific Sample	Control deer population
103	Scientific Sample	Control the ridiculous spending
104	Scientific Sample	Council transparency.
105	Scientific Sample	County council integrity.
106	Scientific Sample	County council should stop lying to residents and stop focus on residential code enforcement. Focus instead on supporting small business and removing red tape.
107	Scientific Sample	County Council work with the state to get state Rd 4 to White Rock repaved.
108	Scientific Sample	County funded and supported trail maintenance, especially after storms
109	Scientific Sample	COUNTY GOVERNMENT.
110	Scientific Sample	County integrity in governance : honesty.
111	Scientific Sample	County needs to be MUCH MORE open to restaurants, business, need to RE vitalize downtown--Central, the old Smith's location, look like a DEAD, DEAD town. Awful. SUPPORT new ventures
112	Scientific Sample	Creating a welcoming feeling for all people, not just those whom enjoy the outdoors/arts. (Better accommodate hobbies like auto restoration, etc..)
113	Scientific Sample	Creation & preservation of open & natural space; useful & considerate development of urban / city areas that are empty or not in good shape.
114	Scientific Sample	Customer Service and Integrity!!!
115	Scientific Sample	CUT THE OVERBONDING RESTRICTIONS ON BUILDING AND UPGRADING PERMITS.
116	Scientific Sample	Dependability of utilities
117	Scientific Sample	Design & layout.
118	Scientific Sample	Develop and attract more businesses and eating establishments.
119	Scientific Sample	Development of comercial properties ... not just going for LANL rent property
120	Scientific Sample	Development of small business opportunities within the county
121	Scientific Sample	Diverse and vibrant goods and services
122	Scientific Sample	Diversity & "minority" relations.
123	Scientific Sample	diversity of economic development and economic support for mid-sized businesses
124	Scientific Sample	Diversity of shopping - not much choice
125	Scientific Sample	Do a better job of preserving our small-town atmosphere. Growth for growth's sake is not good planning.
126	Scientific Sample	Do away with the current, recently passed, nuisance ordinance and try again.
127	Scientific Sample	do not permit anymore crowded crackerbox housing. single family houses must have reasonable lot sizes 1/3 acre
128	Scientific Sample	Do something about all the dead retail space by zoning the Natl. Lab out of the downtown and reducing retail space rents.
129	Scientific Sample	Do something about business/restaurants leaving town.
130	Scientific Sample	Do SOMETHING with the empty Smith's building and all of the Merrimac area. thank goodness the Hilltop House came down - but what an eyesore for visitors to the town..... I moved here in 1976, and there is SO much LESS available to the residents, store-wise.... no wonder go off the Hill. Or like me, use Amazon to do my shopping.
131	Scientific Sample	Downtown / main street development; so much potential!.
132	Scientific Sample	downtown area. Loss of CB Fox and Starbucks makes it quiet and depressing.
133	Scientific Sample	DOWNTOWN COMMERCIAL.
134	Scientific Sample	downtown revitalization

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

135	Scientific Sample	Downtown small business development
136	Scientific Sample	During back small specialty; stores; keeping it.
137	Scientific Sample	Economic development
138	Scientific Sample	Economic development
139	Scientific Sample	Economic development
140	Scientific Sample	Economic development
141	Scientific Sample	Economic development
142	Scientific Sample	Economic development (local business support, access to local services, etc)
143	Scientific Sample	ECONOMIC DEVELOPMENT /DOWNTOWN REVITALIZATION / CREATIVE THINKING IN THESE AREAS.
144	Scientific Sample	Economic development -> more restaurants; etc.
145	Scientific Sample	ECONOMIC DEVELOPMENT IN WHITE ROCK.
146	Scientific Sample	Economic development! We need shopping, restaurants, and more options to keep residents eating and buying in the county. Small businesses can't make it here because it costs too much for space to rent/buy. There's not any public transportation for employees get to Los Alamos to work on the hill from surrounding areas. We have ugly vacant buildings that aren't being developed. It's too expensive to update and renovate buildings, AND red tape from the county stops progress.
147	Scientific Sample	Economic development.
148	Scientific Sample	economic diversity
149	Scientific Sample	Economic diversity: much more options for shopping, services, restaurants
150	Scientific Sample	Economic diversity-variety of businesses.
151	Scientific Sample	Economic growth in Los Alamos
152	Scientific Sample	Economic health
153	Scientific Sample	Economic health is important to all the county.
154	Scientific Sample	Economic health.
155	Scientific Sample	Economic health.
156	Scientific Sample	Educational opportunities for kids, specifically, I would like more private schools for K-12.
157	Scientific Sample	efforts strengthened in developing housing options despite the small land area
158	Scientific Sample	Electrical grid reliability
159	Scientific Sample	Electrical infrastructure
160	Scientific Sample	ELECTRICAL INFRASTRUCTURE.
161	Scientific Sample	Elimination of woke propoganda
162	Scientific Sample	EMERGENCY PREPARATION.
163	Scientific Sample	Empty buildings and lack of business downtown.
164	Scientific Sample	EMPTY BUILDINGS!.
165	Scientific Sample	Empty buildings, encourage more businesses to come to los Alamos
166	Scientific Sample	ENCOURAGE BUSINESS - MORE SERVICES & RESTAURANTS.
167	Scientific Sample	Encourage more small business.
168	Scientific Sample	Encouraging business development.
169	Scientific Sample	Encouraging development of a downtown retail district featuring shopping, restaurants, entertainment within comfortable walking proximity
170	Scientific Sample	Encouraging small business growth and establishments
171	Scientific Sample	Encouraging; engaging; and supporting the development of local / small businesses.
172	Scientific Sample	Engaging; listening to; and acting in accordance with community desires rather than personal counselor biases.
173	Scientific Sample	enhance the look of the downtown area, encouage more traffic and provide more financial support for small businesses
174	Scientific Sample	Ensure better Healthcare options
175	Scientific Sample	Ensuring its residents are not over-legislated.
176	Scientific Sample	Entertainment and dinning options. Would love to have a bowling alley or laser tag place. With the movie theater gone the only thing to do in this county is hiking and the museums. And those, since they are historical, really don't change. The museums are basically one and done...
177	Scientific Sample	Environment: remove dead trees and trash around town, do maintenance and repair on the historic trail system

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

178	Scientific Sample	Environmental/open space protection
179	Scientific Sample	Equitable property rental and purchase for both commercial and residential uses.
180	Scientific Sample	excessive wildlife
181	Scientific Sample	Expanding housing, controlling commercial rent inflation and business regulatory barriers
182	Scientific Sample	facilitate and fight for instead of against small businesses, recent failures include fleur de lys, sirphey
183	Scientific Sample	fewer government influence in energy use ex: going all electric will bankrupt the poor in town.
184	Scientific Sample	fiber optic network service in White Rock
185	Scientific Sample	Fiber optics system available for all residences in the county.
186	Scientific Sample	Figuring out how to bring decent restaurants to LA.
187	Scientific Sample	fill the empty storefronts
188	Scientific Sample	Filling the empty corporate and commercial real estate
189	Scientific Sample	Fire protection.
190	Scientific Sample	Fix the commercial aspect of the town. I don't necessarily have an easy suggestion on how to do it, but there are far too many empty commercial spots and the community would absolutely LOVE for some new businesses to make use of them.
191	Scientific Sample	Fix the damn two-lane mess on Trinity! Traffic during the Central Ave. project should have convinced you change is needed here. What if we needed to evacuate? Traffic flow is too fragile!
192	Scientific Sample	Fostering suitable commercial/economic development.
193	Scientific Sample	Get a new Los Alamos County County manager, new Deputy Los Alamos County Manager Positions. Seriously. Hopelessly unable to address the real challenges facing the county, most notably economic development and knowing the will of the people. It sounds like the beginning of a bad joke: What do an accountant, an underwater sonar systems engineer/librarian, and an architect have in common? They are in charge of Los Alamos County. Not funny, right?
194	Scientific Sample	Get and keep excellent medical care for all ages in our hospital.
195	Scientific Sample	Get businesses into or repurpose the space taken up by vacant buildings
196	Scientific Sample	Get rid of the natural look & make it more presentable looking for outsiders tall weedale no nice looki.
197	Scientific Sample	Getting more businesses to locate in Los Alamos. Shops bring in employment opportunities and help bring in needed tax dollars.
198	Scientific Sample	Getting small business (retail, restaurants) to return to the county.
199	Scientific Sample	Gopher removal or eradication from parks and fields used by youth and adults, e.g. soccer, baseball, softball fields
200	Scientific Sample	Grocery shopping competition.
201	Scientific Sample	Growth in commercial business diversity
202	Scientific Sample	Health and safety of all residents.
203	Scientific Sample	Healthcare.
204	Scientific Sample	Help new businesses or move in businesses start in Los Alamos by working with then and not taking an adversarial attitude toward compliance with codes & standards.
205	Scientific Sample	Help Small Businesses stay in Los Alamos!!!!!!!!!!!!!!!!!!!!!!!!
206	Scientific Sample	High speed internet
207	Scientific Sample	honesty and oversight over the county council. the past years have been grim, dishonest, and dishonorable.
208	Scientific Sample	housing
209	Scientific Sample	Housing
210	Scientific Sample	Housing
211	Scientific Sample	housing
212	Scientific Sample	Housing
213	Scientific Sample	Housing
214	Scientific Sample	Housing - not enough, too expensive
215	Scientific Sample	Housing & commercial rent prices & opportunities are too high.
216	Scientific Sample	housing availability
217	Scientific Sample	Housing availability.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

218	Scientific Sample	Housing especially providing temporary housing opportunities for students to help take pressure off of the housing market for full time residents
219	Scientific Sample	Housing for all the new employees the lab is hiring.
220	Scientific Sample	Housing for students.
221	Scientific Sample	Housing opportunities.
222	Scientific Sample	HOUSING OPTIONS.
223	Scientific Sample	Housing prices and availability and road conditions
224	Scientific Sample	Housing! Primarily affordable housing and rental properties.
225	Scientific Sample	HOUSING!.
226	Scientific Sample	Housing, housing, housing.
227	Scientific Sample	Housing.
228	Scientific Sample	Housing.
229	Scientific Sample	Housing.
230	Scientific Sample	HOUSING.
231	Scientific Sample	HOUSING.
232	Scientific Sample	Housing. Affordable housing.
233	Scientific Sample	Housing.....
234	Scientific Sample	Housing; price & availability.
235	Scientific Sample	Housing; shopping; dining.
236	Scientific Sample	How to fairly implement the nuisance code and not discriminate against people who live in houses without garages or like to maintain their yards as they want to and not as the County or neighbors want them to.
237	Scientific Sample	I have no suggestion.
238	Scientific Sample	I wish I felt safer walking or riding bikes in town. Many areas have high levels of traffic during different times of the day and very few places have dedicated bike lanes. My biggest fear is that I will be hit by a car crossing Trinity at Diamond given the number of vehicles I have had near misses with, when the pedestrian crossing light turns green and the vehicles are still turning onto Trinity.
239	Scientific Sample	I WOULD ENCOURAGE THIS COUNTY TO "STOP" USING TAX PAYERS MONEY ON UNNECESSARY IMPROVEMENTS I.E. WALK UP CENTER; GOLF COURSES HILLTOP HOUSE DEMOLITION. SUPPORT BUSINESSES TO OPEN AND STOP MAKING IT SO DIFIICULT FOR BUSINESS OWNERS!! QUIT CATERING TO A HANDFUL AND SUPPORT EVERYONE!!!.
240	Scientific Sample	I would like to see some kind of general plan for moving toward making the town more walkable/bikeable, convenient, and vibrant.
241	Scientific Sample	I would love for the sand volleyball court at Urban to be re-done in the same way the Rover sand court has been done. The Rover court is excellent is often in use in the Spring, Summer, and Fall.
242	Scientific Sample	I,proving and diversifying business
243	Scientific Sample	implementation of a cohesive strategy for small businesses AND improvement of diversity and quality of medical service offerings
244	Scientific Sample	Improve business district and address abandoned buildings. Break the Kroger monopoly they created.
245	Scientific Sample	Improve efficient traffic flow in and around Los Alamos County -- reduce congestion.
246	Scientific Sample	Improve electrical power / improve electricity; i.e. no power outages please.
247	Scientific Sample	Improve stability of utility services, including electric and internet
248	Scientific Sample	Improve the electrical power reliability and internet communication stability
249	Scientific Sample	Improve the internet system and reliability of the electric system.
250	Scientific Sample	Improve the quality of businesses.
251	Scientific Sample	Improved Dog Park for WHITE ROCK (!); benches along trails (Canada del Buey, Anniversary Trail), OPEN RESERVOIR ROAD, including handicapped access (AGAIN!)...ie accommodating older adult community!
252	Scientific Sample	Improved library hours
253	Scientific Sample	Improvement in attracting private business.
254	Scientific Sample	Improvement of LA medical center.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

255	Scientific Sample	Improvement of support for small businesses, as well as community-wide information on new businesses as they begin operations. Too often we hear of new businesses closing before we knew they existed.
256	Scientific Sample	Improving and maintaining trails
257	Scientific Sample	Improving electric reliability
258	Scientific Sample	Improving medical services in Los Alamos.
259	Scientific Sample	Improving mountain biking and hiking trails
260	Scientific Sample	Incentivizing commercial growth.
261	Scientific Sample	Include resident's input in decisions.
262	Scientific Sample	Increase funding of county contracts (so nonprofits can offer benefits and focus on quality programs instead of fund-raising for county programs). Also, fully-fund or improve current programs/construction before offering more of them.
263	Scientific Sample	increase opportunities for private business and housing.
264	Scientific Sample	Increase opportunity and incentives for Small Businesses and housing.
265	Scientific Sample	Increase support and therefore vibrancy off small businesses (including restaurants , shops, ski hill,nonprofits)
266	Scientific Sample	Increasing variety of businesses & retail stores.
267	Scientific Sample	Information about the risks the LANL poses.
268	Scientific Sample	infrastructure
269	Scientific Sample	Infrastructure
270	Scientific Sample	Infrastructure
271	Scientific Sample	Infrastructure improvements that have such a negative impact on traffic like last year. Is there a way to create some alternate passages through town? It may seem like not a big deal. but everyone impacted by traffic was a little darfker and mopre negative about everything last year through the Canyon Road project. The Council keeps pushing growth and more housing - we cannot maintain a small safe friendly community spirit when we have an hour of aggravatning traffic jams twice a day. (BTW, the im[pact I experienced was from all the drivers taveling with me who would hog the left lane and not want to let anyone merge in. I needed to turn off Diamond before the construction, and people were backed up left lane past Pueblo Complex, sometimes even to the Speedway station.)
272	Scientific Sample	Infrastructure modernization.
273	Scientific Sample	Infrastructure of utilities so that there isn't always so much disruptive activity, especially for schools
274	Scientific Sample	Infrastructure reliability (specifically electricity)
275	Scientific Sample	Infrastructure.
276	Scientific Sample	Infrastructure. Fix the roads, they are garbage and not maintained with crack sealer. Update the electrical, update the GWS. It is all failing.
277	Scientific Sample	Insure the level of healthcare is in town so residence don't have to search for healthcare need out of town. As well as providing diverse shopping opportunities so the county can keep the taxes in town.
278	Scientific Sample	Internet (broadband) access, speed, and cost
279	Scientific Sample	Internet access
280	Scientific Sample	Internet service.
281	Scientific Sample	It is essential to help our small businesses get established and survive in our town! Our commercial district is essentially nonexistent. Do NOT put up bureaucratic roadblocks, HELP them!
282	Scientific Sample	Join the 21st century with economic development and essential local businesses.
283	Scientific Sample	Keep working on infrastructure.
284	Scientific Sample	Keeping shoulders/roadways clean & maintained for bikes.
285	Scientific Sample	LA and WR downtown areas have no businesses
286	Scientific Sample	LAC needs to improve respectful two-way communication (that includes listening!) with residents.
287	Scientific Sample	Lack of housing
288	Scientific Sample	Land acquisition from the federal government
289	Scientific Sample	Lanes need to be added to main roads RT 4; 502; truck route.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

290	Scientific Sample	Leadership that listens to their community.
291	Scientific Sample	Less construction of residential areas - less housing.
292	Scientific Sample	LESS POWER OUTAGES. OTHERWISE; THINGS ARE FINE.
293	Scientific Sample	less regulation..we are adults here
294	Scientific Sample	Letting Franchise business into Los Alamos to fill in the gaps of services for citizens.
295	Scientific Sample	Lighting on diamond dr heading to around about.
296	Scientific Sample	Listening to and acting based on input from residents. The current perception is that the County asks for input, then does what it wants regardless of that input.
297	Scientific Sample	Listening to the community
298	Scientific Sample	Local availability of technical equipment (i.e. computer equipment).
299	Scientific Sample	Local business and economy
300	Scientific Sample	Lowering the burden on small businesses.
301	Scientific Sample	MAINTAIN SIDE STREETS SUCH AS FAIRWAY DRIVE.
302	Scientific Sample	Maintaining and protecting the county trail system.
303	Scientific Sample	Maintaining our infrastructure
304	Scientific Sample	Maintenance of their existing parks
305	Scientific Sample	Maintenance of what we have.
306	Scientific Sample	Make it easier for people to open and sustain small businesses
307	Scientific Sample	make retail opportunity more available to small business
308	Scientific Sample	Making small/local businesses more welcome and improving opportunities for new businesses and restaurants.
309	Scientific Sample	Making the county safer for cyclists.
310	Scientific Sample	MINIMIZE WASTEFUL SPENDING.
311	Scientific Sample	Mixed business and upstairs residence on canyon!!!.
312	Scientific Sample	Mixed use in-fill in Los Alamos and White Rock
313	Scientific Sample	More businesses to be able to stay open and not close due to "high rent"
314	Scientific Sample	More business's.
315	Scientific Sample	more downtown businesses
316	Scientific Sample	More Housing
317	Scientific Sample	More housing, particularly apartment complexes, are required.
318	Scientific Sample	MORE HOUSING.
319	Scientific Sample	more quantity and diversity of restaurants (and more stores) probably though community policy
320	Scientific Sample	More restaurants/businesses in the area
321	Scientific Sample	More retail and restaurants
322	Scientific Sample	More service with less employees - phone calls are not answered employees freedom to even go to gym during working hours! 1. incentives for small business 2. improve cost & efficientsy of infrastructure repairs 3. Vastly improve cost of expenditure.
323	Scientific Sample	More shopping & eating opportunities.
324	Scientific Sample	More shopping less apartments.
325	Scientific Sample	More shopping opportunities.
326	Scientific Sample	More shopping opportunities.
327	Scientific Sample	More small business opportunities and easier access to ownership of commercial property.
328	Scientific Sample	More Small businesses, retail and restuarants
329	Scientific Sample	More specialists/surgeons at LAMC
330	Scientific Sample	more stable electric service
331	Scientific Sample	More vibrant downtown
332	Scientific Sample	More vibrant downtown with cute shops like Durango; Salida & Red River.
333	Scientific Sample	Moving all LANL activities, Triad or contractor, South of Los Alamos Canyon. We need commercial activities that benefit residents on the townsite. LANL rental rates make it impossible for small businesses (without LANL contracts or business) to survive.
334	Scientific Sample	Multi consumer businesses & development.
335	Scientific Sample	Multimodal roads.
336	Scientific Sample	N/A
337	Scientific Sample	NEGLECTED WHITE ROCK - CONCERN FOR RESOURCES CENTER DEVELOPMENT; SHOPPING.
338	Scientific Sample	New affordable housing that wasn't built 80 years ago.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

339	Scientific Sample	Not having the mean residents force the conversation which is not the majority.
340	Scientific Sample	Not so many power outages
341	Scientific Sample	Open more business like shops, bar, recreational activities
342	Scientific Sample	Open the pool on weekends.
343	Scientific Sample	Open the road to the reservoir for fishing
344	Scientific Sample	Open weekend at Aquatic Center, so more people will be able to use it.
345	Scientific Sample	openness & quality service to the whole community
346	Scientific Sample	Our street is falling apart (Orange St). It would be nice to not have potholes and rocks everywhere.
347	Scientific Sample	Overall quality of the utility infrastructure in Los Alamos County.
348	Scientific Sample	Overloaded traffic due to LANL's continued hiring. Both the County and NMDOT should be doing traffic counts.
349	Scientific Sample	Parking for Los Alamos county ice rink.
350	Scientific Sample	Pedestrian/biking/transit infrastructure
351	Scientific Sample	Planning road projects not to limit travel on both major routes at same time.
352	Scientific Sample	Planning/zoning--it's currently a hodgepodge and a pipe dream
353	Scientific Sample	Please listen to the early career and non-lanl residents in town. Living here has been a nightmare.
354	Scientific Sample	Please stop trying to cram thousands of new residents into Los Alamos. It is destroying the the laid back small town feeling. It is turning Trinity Drive into the Autobahn, where you take your life in your hands as a pedestrian trying to cross at a light and where speeds are sickeningly high.
355	Scientific Sample	Power outages in Los Alamos are becoming common. Must fix!!.
356	Scientific Sample	Preservation of natural setting in and around Los Alamos. Remain same size, not a part of Santa Fe urban sprawl.
357	Scientific Sample	Private Industry!!!
358	Scientific Sample	Privatize golf course - golfers pay not non golfers.
359	Scientific Sample	Promoting new business; economic development.
360	Scientific Sample	Protect and enhance open space / trails.
361	Scientific Sample	Protecting and maintaining the parks, the stable area and open spaces.
362	Scientific Sample	Protecting open space with improvement to fire-damaged canyons.
363	Scientific Sample	Public pool open on the weekends.
364	Scientific Sample	Quality of Internet access
365	Scientific Sample	quality of life
366	Scientific Sample	Quality of the roads. There seem to be a lot of potholes and weird bumps.
367	Scientific Sample	quality of the utility infrastructure
368	Scientific Sample	Quit trying to gentrify or hybrid downtown Los Alamos. It's a dead dog. No amount of money will economically fix it. White Rock - demo the Little Beirut Commercial area of downtown White Rock. It is blight-ridden.
369	Scientific Sample	Real affordable housing
370	Scientific Sample	Realistic affordable housing projects based on an income not from the lab, but local business or blue collar work.
371	Scientific Sample	Recognizing the importance of, investing in, and protecting our essential, irreplaceable natural environment (canyons, forests, open spaces, etc.)
372	Scientific Sample	Recreation center
373	Scientific Sample	Recreational gyms for adults
374	Scientific Sample	Recreational opportunities.
375	Scientific Sample	Reduce light pollution.
376	Scientific Sample	Reducing automobile use
377	Scientific Sample	Reliability of our utilities infrastructure. It feels like we are living in a third world country.
378	Scientific Sample	Reliability of the electrical system through out the county.
379	Scientific Sample	reliable and high quality utilities (electric, communication including broadband internet)
380	Scientific Sample	RELIABLE HIGH - SPEED INTERNET ACCESS.
381	Scientific Sample	RELIABLE POWER SUPPLY.
382	Scientific Sample	Reliable, affordable internet
383	Scientific Sample	Reliable, high-speed internet to all households

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

384	Scientific Sample	Remake Trinity drive 4 lane for vehicular traffic.
385	Scientific Sample	repair and maintenance of secondary roads and sidewalks.
386	Scientific Sample	Replace county council with paid and experienced mayor.
387	Scientific Sample	Residential housing (AFFORDABLE)
388	Scientific Sample	Responsiveness of county council to general public input as oppose to individual people or groups.
389	Scientific Sample	Restaurants & Stores + NEW housing that is actually affordable
390	Scientific Sample	retail
391	Scientific Sample	retail busines
392	Scientific Sample	Retail businesses & getting las programs back to go prop.
393	Scientific Sample	Retail businesses; especially independent and small.
394	Scientific Sample	Retail options; community appearance (I know there are two items).
395	Scientific Sample	Retail space.
396	Scientific Sample	Revert Diamon's lane markings
397	Scientific Sample	Revitalizing the downtown in both White Rock and Los Alamos to attract new businesses and restaurants.
398	Scientific Sample	Road & side walk maintenance.
399	Scientific Sample	Road especially Hwy 4 to White Rock & other street repaving.
400	Scientific Sample	Road throughput
401	Scientific Sample	Roads
402	Scientific Sample	Roads
403	Scientific Sample	Roads & highways.
404	Scientific Sample	safe bike transportation
405	Scientific Sample	SAFETY AND SYSTEM FOR ALL AGES TO BICYCLE TO WORKSCH AND PLAY.
406	Scientific Sample	Schools teacher quality & small businesses.
407	Scientific Sample	Sewer systems repair infrastructure
408	Scientific Sample	Sh*t can the council's efforts to turn the county into a f*ck&ng HOA (the nuisance code), YOU ARE TRYING TO LEGISLATE TASTE, not safety, One of the things I used to love about living here was that people left each other alone, or worked out their issues without the blunt instrument of a government run by real estate sphincter police. If I wanted to live in a cookie-cutter Livermore-style suburban hellhole, I'd move there. Focus instead on BROADBAND INFRASTRUCTURE (i.e. fiber to every residence in the county).
409	Scientific Sample	shopping
410	Scientific Sample	SHOPPING - DOWNTOWN.
411	Scientific Sample	Shopping & infrastructure.
412	Scientific Sample	Shopping opportunities. Smith's is the major store in Los Alamos and it's ran really badly. We really need more shopping/housing opportunities.
413	Scientific Sample	Shopping opportunities; trail systems.
414	Scientific Sample	Shopping, There are NO department stores to shop other than Smith's. When I meet new residents moving in, they ask" where do we shop"? All the vacant buildings are not appealing to Los Alamos County.
415	Scientific Sample	Shopping. Need more of a variety of restaurants & stores.
416	Scientific Sample	Slowing the growth
417	Scientific Sample	Small business
418	Scientific Sample	Small business - shopping labor craft (plumber; electrical; repairs).
419	Scientific Sample	Small business development and support.
420	Scientific Sample	small business environment and property opportunities
421	Scientific Sample	Small business opportunities.
422	Scientific Sample	Small business opportunities.
423	Scientific Sample	Small businesses
424	Scientific Sample	Small businesses
425	Scientific Sample	Small businesses.
426	Scientific Sample	Spend less money-no labor intensive beautification of the roads ie flowers .grass- lower our utilities etc etc

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

427	Scientific Sample	Spend more time worrying about the vacant space downtown and less time worrying about the nuisance code
428	Scientific Sample	Stability of electric power
429	Scientific Sample	Stability of retail business.
430	Scientific Sample	Stability of the power and communication infrastructure i.e. power outages
431	Scientific Sample	Stables and outdoor arena.
432	Scientific Sample	Stop acting like an HOA overlord and leave the people alone!
433	Scientific Sample	Stop discriminating against residents with draconian, elitist nuisance codes.
434	Scientific Sample	Stop government over reach. Stop locking up on trying to appease everyone when it comes to decision making. An example is the golf course. The council has mentally masturbated addressing the golf course renovations. Listening to every vocal group instead of focusing on proper solutions. There is a golf course with a huge capital investment in the clubhouse and a clear huge number of people in the community who use the course. And in order to appease a vocal group about trail impact, the council is going to make a decision that is a half *** solution, such as requiring plastic golf balls on the range and not extending the range or adding holes that require a minimal impact on relocating a short distance of trails and trees. So now all the money spent on the golf course to date is marginalized because the council will make the golf course experience a half-assed experience for golfers because the council cowered to vocal minorities. Another example of government inability to make quality decisions.
435	Scientific Sample	Stop meddling in business and economic development (boradmand) and real estate.
436	Scientific Sample	Stop spending tax money on tennis courts, expanding the golf course, and lower property taxes.
437	Scientific Sample	Stop trying to develop the open space. No new bike trails or golf course expansion or tennis complex.
438	Scientific Sample	STOP violating the law and Judges Orders
439	Scientific Sample	Street lights to residential streets.
440	Scientific Sample	Street, sidewalk, and utilities maintenance and repair.
441	Scientific Sample	Streets.
442	Scientific Sample	sufficient housing for expected Lab increases
443	Scientific Sample	support for new small business instead of obstructionist practices
444	Scientific Sample	Support for small business and economic opportutnities
445	Scientific Sample	Support for small businesses in vacant downtown.
446	Scientific Sample	Support local small business, making it easier and less expensive to start and operate business in LA County. Reduce regulations and road blocks. Quit trying to control purchase and sales of commercial property. Smaller government is better government; get out of the business of controlling business.
447	Scientific Sample	Support of small businesses to have variety.
448	Scientific Sample	Support small businesses instead of destroying them with overbearing policies.
449	Scientific Sample	Supporting local businesses
450	Scientific Sample	Supporting new small business esp restaurants.
451	Scientific Sample	Supporting small business developement. Especially restaurants.
452	Scientific Sample	Supporting small business..
453	Scientific Sample	Supporting small/local businesses through affordability measures.
454	Scientific Sample	SUSTAINABILITY; REDUCING GREENHOUSE GAS EMISSIONS COUNTY-WIDE.
455	Scientific Sample	Take animal shelter away from police - give police code enforcement.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

456	Scientific Sample	That Los Alamos has a quality of life surpassing all American cities is, for the most part, due to our level of education, income, access to public open spaces, and governance that pays attention to citizens. It's most important for the County to focus on the wellbeing of the citizens of the County rather than on what LANL wants. LAC must hold LANL responsible to pay for the impact its hiring frenzy has on all the assets--safety, environment, education--that LAC residents currently have. LANL must understand its huge negative impact on the environment and economy of the town. LANL must plan with the County rather than insisting the County take the brunt of all LANL's LACK of planning. Be bold. They own most of the County. They do not own these few square miles on this side. The County government must govern this side, and demand more collaboration from LANL. If LANL wants to hire, they must be responsible for the impacts. (I'm an elderly, low-income white woman who stays in Los Alamos because of the quality of life. I am an asset. You want to keep me here.)
457	Scientific Sample	The building code or ability for people to make modifications to homes/businesses. Too many small businesses having issues opening due to the over site from the County. It should not be so hard to do something simple, like replace an existing fence.
458	Scientific Sample	The building permit officers are slow and difficult to work with.
459	Scientific Sample	The county councilors need to listen to their constituents.
460	Scientific Sample	The county government should stop pandering to the commercial interests and start listening to their constituents.
461	Scientific Sample	The dog park in White Rock is too small. We need separations for small, medium and large dogs so the park is safe for all dogs. There needs to be taller fences for large dogs that can easily jump out of the current dog park.
462	Scientific Sample	The golf course and other recreational venues.
463	Scientific Sample	The housing is too expensive.
464	Scientific Sample	The pool needs to be open 7 days a week.
465	Scientific Sample	The quality of services provided by many County Employees is often lackadaisical or disinterested since many employees and their supervisors don't live in or use county services.
466	Scientific Sample	The town desperately needs more local shops and restaurants...and ones that are actually open in the evening and on weekends.
467	Scientific Sample	The town is dying. There must be more retail options in downtown Los Alamos and in White Rock.
468	Scientific Sample	The utilities infrastructure. especially water. Currently we are using a lot of band aids.
469	Scientific Sample	there are a lot of power outages here
470	Scientific Sample	There is very little faith in the county council. After Unquarked, there is little faith in the high administrative levels of the County. Both bodies need to clean up their act and actively restore faith.
471	Scientific Sample	They need to partially cover the ice rink
472	Scientific Sample	This is a tough question. I like the small size of LA County….10,000 people. Small affordable single family homes are needed. I live in a 854 sqft condo….2 bed, 2 bath, small living room, small kitchen. I think ideal size for small affordable private home but with a private small lot for garden. Maybe duplex to share cost of one wall and roof to keep price down. Or maybe one bedroom units even cheaper to build for people who do not work at LANL or other high paying jobs. Just my thoughts. XXXXXXXXXX. Not government owned.We are a small community we cannot expect a lot of different businesses… We just can't support them. Businesses will come when there is opportunity. If you want more business variety I would think you would have to move to a larger community. Maybe it is time for White Rock 2 called Mountain View.
473	Scientific Sample	Time to complete street maintenance & upgrade.
474	Scientific Sample	Traffic back up leaving White Rock at 4:30-5pm
475	Scientific Sample	Traffic control, speeding is out of hand on residential streets, no one stops at stop signs
476	Scientific Sample	Traffic dispersal.
477	Scientific Sample	traffic impact studies based on more and more housing developments - we do not want to become a traffic jammed small county
478	Scientific Sample	Traffic light signaling
479	Scientific Sample	TRANSPARENCY & LISTENING TO RESIDENTS.
480	Scientific Sample	Transparency and communication residents

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

481	Scientific Sample	Transparency of business operations & permitting.
482	Scientific Sample	Transparency, as opposed to outreach. When decisions are made in secret, with undisclosed influences, without deference to public input and volunteer action, and the outcomes and impacts are not readily available without IPRA, it barely matters what the decisions are. Faith and trust are lost, and the County government becomes an oppressive force, rather than a supporting partner.
483	Scientific Sample	Treating residents fairly with respect
484	Scientific Sample	Treatment of seniors - in their homes and in Aspen Ridge see back.
485	Scientific Sample	True affordable housing
486	Scientific Sample	Underwriting businesses (free rent for 2 years) such as restaurants, entertainment, shops, expand public transportation on weekends and to ski areas, Santa Fe, etc. that are OPEN to improve the vibrancy of Los Alamos
487	Scientific Sample	undeveloped space health, and preservation. Less need for outside studies and consultants. Reliable internet. Better tree management.
488	Scientific Sample	Up keep of existing infrastructure.
489	Scientific Sample	urban blight
490	Scientific Sample	Use or removal of vacant buildings in downtown
491	Scientific Sample	USING ALTERNATIVE SOURCES FOR ELECTRICITY.
492	Scientific Sample	Utilities infrastructure. Specifically power.
493	Scientific Sample	Utility backup. We should not have power outages and internet outages that affect us for hours or days!!!!
494	Scientific Sample	Utility Infrastructure
495	Scientific Sample	utility infrastructure (Internet, electric)
496	Scientific Sample	utility infrastructure (reliability, stability & consistency)
497	Scientific Sample	Utility infrastructure.
498	Scientific Sample	UTILITY INFRASTRUCTURE.
499	Scientific Sample	Utility reliability
500	Scientific Sample	Vacant buildings
501	Scientific Sample	Vacant buildings- especially in Mary mac center and in downtown WR.
502	Scientific Sample	Vacant buildings.
503	Scientific Sample	Vacant commercial propertie
504	Scientific Sample	Variety and number of businesses in town
505	Scientific Sample	Variety in places to shop and eat. We need more retail than just Smith's.
506	Scientific Sample	Very affordable housing; and availability; for very low income persons.
507	Scientific Sample	Walk-ability of neighborhoods
508	Scientific Sample	Walking trails need repair.
509	Scientific Sample	Water quality, Air quality,
510	Scientific Sample	WE ARE NOT A LOW INCOME TOWN! STOP TRYING TO TURN US INTO ONE WITH WORTHLESS APPT BUILDINGS.
511	Scientific Sample	We have had far too many electrical outages recently for a city of our standing. This needs to be rectified ASAP.
512	Scientific Sample	We must make it easier for businesses to thrive.
513	Scientific Sample	We need more shopping opportunities— ie. Grocery, department store. Not another weed store.
514	Scientific Sample	We need shopping & restaurants - otherwise we go off the hill 'needs to encourage.
515	Scientific Sample	Weekend dining options
516	Scientific Sample	White Rock - too much money (improvements/services) is spent in Los Alamos proper versus providing improvements to White Rock (just look at the poor aesthetics of medians on the short strip of Hwy 4 versus the many well-maintained medians in Los Alamos proper - that's a perfect example of how White Rock overall is treated).
517	Scientific Sample	White rock to highway 502 traffic flow during peak hours.
518	Scientific Sample	WHITE ROCK.
519	Scientific Sample	Wider range of housing costs.
520	Scientific Sample	Wild fire prevention

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

521	Scientific Sample	winter sports: snow making at ski hill, covered hockey rink to allow longer hockey and skating season
522	Scientific Sample	Working on getting more businesses here through tax incentives — make it more expensive for landlord to have an empty building than occupied one. Penalize landlords through increase taxes if they leave the building empty. The number of empty buildings is ridiculous.
523	Scientific Sample	Young adults
524	Open Participation	#1 Improved communication and explanation of projects and procedures...ex. why is something being done, what is each departments responsibility, what is the council's job, #2 make web site MUCH easier to find something...ex. One click to get on Council meeting zoom...or other meeting. MUCh too complicated to do all that for some folks.
525	Open Participation	?
526	Open Participation	A more vibrant commercial community and district that enhances overall community
527	Open Participation	Abandoned buildings with decrepit parking lots
528	Open Participation	Abandoned homes especially in White Rock
529	Open Participation	Access to quality healthcare, including mental health
530	Open Participation	Accountability to residents
531	Open Participation	Activities for teens. This town is horrible for teens as it offers nothing for them.
532	Open Participation	Actually listening to resident feedback on key matters. It seems that despite all voting, attempts at transparency, etc - the county council does whatever they wanted to do in the first place despite all feedback gathered.
533	Open Participation	Actually listening to what the people want instead of wasting tax money on things we voted down
534	Open Participation	Adding more retail, including an independent grocery store. LANL and dental offices are over represented in the downtown area.
535	Open Participation	Address small business needs
536	Open Participation	Adult learning opportunities (specifically in the arts) - there used to be more than there are now.
537	Open Participation	Affordability
538	Open Participation	Affordable and quality internet service for residents
539	Open Participation	affordable broadband - county owned!
540	Open Participation	affordable housing
541	Open Participation	Affordable housing
542	Open Participation	Affordable housing
543	Open Participation	Affordable housing
544	Open Participation	Affordable housing
545	Open Participation	Affordable Housing
546	Open Participation	Affordable housing
547	Open Participation	Affordable Housing
548	Open Participation	AFFORDABLE housing
549	Open Participation	Affordable housing
550	Open Participation	Affordable housing
551	Open Participation	Affordable housing
552	Open Participation	Affordable housing and Affordable business opportunities.
553	Open Participation	Affordable housing and utilities
554	Open Participation	AFFORDABLE HOUSING ESP THE NEW DEVELOPMENTS!!!!!
555	Open Participation	Affordable housing for all
556	Open Participation	Affordable housing for non-lab employees
557	Open Participation	affordable housing- it is outrageous
558	Open Participation	Affordable housing.
559	Open Participation	Affordable housing.
560	Open Participation	Affordable new housing developments
561	Open Participation	Affordable single family housing or even duplexes for families who make under 100k per year
562	Open Participation	Affordable, quality housing
563	Open Participation	Affordable, reasonable commercial real estate for small businesses/restaurants.
564	Open Participation	Aging Infrastructure

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

565	Open Participation	All county staff listening to citizens and not be told "it's administrative"--Customer Service training for department heads.
566	Open Participation	All Infrastructure maintenance and improvements
567	Open Participation	Allow and support county residents to live their lives with freedom and liberty.
568	Open Participation	An emphasis on better shopping and dining opportunities for the community, including extended hours of operation on the weekend
569	Open Participation	Appearance of town and residential areas
570	Open Participation	Arts & Culture & performing arts
571	Open Participation	As the County Council leadership changes so frequently the focus of the council and their decision making/focus changes as well. There seems to be very little continuity by the local government as they change their focus on issues too often and nothing seems to get done to solve real issues of the community.
572	Open Participation	Attract and retain a variety of businesses
573	Open Participation	Attract, develop, and support some anchor businesses that keep dollars and shoppers in the county.
574	Open Participation	attracting and retaining businesses in downtown areas
575	Open Participation	Attracting and retaining businesses.
576	Open Participation	Attracting local businesses (restaurants, shops)
577	Open Participation	Attracting more good health care providers to the town.
578	Open Participation	Availability of diverse services (shopping, restaurants, etc)
579	Open Participation	Availability of goods and services , health care availability, internet, infrastructure stability
580	Open Participation	Availability of housing
581	Open Participation	Availability of low-to-moderate income housing
582	Open Participation	becoming a vibrant community and Civic intelligence many residents are confused on their role
583	Open Participation	Being small business friendly.
584	Open Participation	Being supportive of local business.
585	Open Participation	Better access to affordable high-speed broadband
586	Open Participation	Better cross-sector communications; the town isn't very big but it still seems siloed
587	Open Participation	Better internet
588	Open Participation	Better/more housing
589	Open Participation	Bicycle Infrastructure
590	Open Participation	bicycle safety and road bike trails
591	Open Participation	Bike lanes, separated and safer from cars
592	Open Participation	Bike trails/lanes
593	Open Participation	Blighted business properties
594	Open Participation	Break the trust set by Smith's and encourage new businesses to establish within the community.
595	Open Participation	Bring in more businesses. Stop letting the landlords screw everything up for a LANL check.
596	Open Participation	Bring more businesses in.
597	Open Participation	Bringing in small businesses such as restaurants and a decent gym… This place is DEAD in terms of that!!!We are retired and moved here and are dismayed and shocked as to how there's nothing for the community that lives here to enjoy and improve their quality of life. It's only focused on lab workers that come and go, but for those who live full time here-there's soooooo little! We get tired of driving to Santa Fe. We've spoken to many people who live here both young and old and they say the same thing. It's ridiculous! It's depressing and no one would really ever want to come here as a tourist if they knew how little was actually here and how it's getting worse all the time!Gosh-I wish I could also talk about the scarcity of affordable housing. That's an issue!!
598	Open Participation	Broad band access
599	Open Participation	broadband
600	Open Participation	BROADBAND
601	Open Participation	Broadband
602	Open Participation	Broadband availability
603	Open Participation	Broadband internet
604	Open Participation	Broadband services
605	Open Participation	build the stinkin' bike park and flow trail

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

606	Open Participation	Bury the power lines.
607	Open Participation	Business development
608	Open Participation	Business development
609	Open Participation	Business development
610	Open Participation	Business friendly practices
611	Open Participation	Business friendly. HELP grow and quit stifling business opportunities. Get idle commercial properties open.
612	Open Participation	Business growth. There are so many closed and vacant buildings around the town. From what I see, there is NOTHING to do in town for a family to do besides shopping at Smith's or going to Starbucks. All of the landlords have really high rent or are holding out for the lab to buy their buildings. This town is boring.
613	Open Participation	Business in town... more businesses opportunities! Building economic security
614	Open Participation	Businesses
615	Open Participation	Careful, sustainable housing
616	Open Participation	Cleaning up "downtown" empty buildings, and poor conditions of most of them
617	Open Participation	Code enforcement
618	Open Participation	Code Enforcement helping business rather than hindering
619	Open Participation	Codes enforcement needs to use common sense, and not treat county as an HOA. Get rid of predjudicial, vengeful, biased code/building inspector employees.
620	Open Participation	Comercial development
621	Open Participation	Commercial and residential planning
622	Open Participation	Commercial variety- stores, shops, restaurants
623	Open Participation	Communication and interaction with residents and listening to the concerns of the community.
624	Open Participation	Communication outside of Facebook. There are many services and opportunities we miss out on because we don't see them in time on FB
625	Open Participation	continue to work on White Rock MDA to re-vitalize that area
626	Open Participation	Control/regulate development. Do smart development. Everyone is freaking out about housing and the developers- wanting to make money- are building hundreds of apartments, etc. We will create a bunch of 5 (or more!) story buildings that will block the mountain views. Every strip of grass in downtown will be nothing but concrete and parking. Everything nice about this town - scenic views and nature will be covered in concrete. This town will not be special at all. And just because developers build space for retail, does not mean "they will come." This will create a lot of empty buildings the next time the lab has a slowdown. It happens. And, what about the mining of our aquifer? Why is there no discussion about this?
627	Open Participation	council needs to respect their constituents
628	Open Participation	Council needs to understand the desires of the community as a whole and acting accordingly.
629	Open Participation	Council. They routinely ignore members of the public and don't engage with members that bring up issues. They need to be more responsive and have actual discussions with the public.
630	Open Participation	County Council. Replace it. We need an elected Mayor.
631	Open Participation	County needs to actually LISTEN to homeowners concerning the Nuisance Ordinance. County has overstepped their bounds and is now pitting neighbor against neighbor. What I do on my property is MY concern and will not affect others surrounding me.
632	Open Participation	County staff must abide by guidelines in the County codes and attend to community input.
633	Open Participation	Create a vibrant dowtown shopping entertainment area. We have lost EVERYTHING that I loved when we moved here 15 + years ago.
634	Open Participation	Create business opportunities in all the vacant buildings
635	Open Participation	Create lived space that encourages biking and walking or public transport to work and shopping/errands
636	Open Participation	creating small business friendly environment
637	Open Participation	Creating venues where pickle ball may be played year round.
638	Open Participation	Customer service by county employees
639	Open Participation	Deal with the empty MariMac property
640	Open Participation	Densifying and rejuvenating downtown
641	Open Participation	Derelict yards with junk and numerous vehicles.
642	Open Participation	Develop a strategy to attract and retain more businesses

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

643	Open Participation	Develop and implement a multi-year plan to improve and maintain our open space trails. Most trails lack design elements that would make them better to use and easier to maintain.
644	Open Participation	Development of commercial businesses, all varieties.
645	Open Participation	Development of downtown business district
646	Open Participation	Dictatorship
647	Open Participation	Diverse small businesses (especially restaurants and retail)
648	Open Participation	diversify economic base
649	Open Participation	Diversifying and supporting business opportunities.
650	Open Participation	diversity
651	Open Participation	Diversity of businesses
652	Open Participation	Diversity of economic opportunities. The Labs are driver-but are too one dimensional
653	Open Participation	Do a better job listening to community input and not overriding that input by the county administration
654	Open Participation	downtown
655	Open Participation	Downtown commercial development
656	Open Participation	downtown commercial vacancies/blight
657	Open Participation	Downtown growth
658	Open Participation	Downtown not taken over by LANL
659	Open Participation	Downtown redevelopment
660	Open Participation	DOWNTOWN —residential mixed use master plan, to include open spaces, views and quality smaller family units
661	Open Participation	Downtown revitalization
662	Open Participation	Downtown revitalization
663	Open Participation	Downtown shopping district.
664	Open Participation	Downtown vitality over residential "weed" enforcement
665	Open Participation	drime prevention
666	Open Participation	Drop most of the residential codes and support better businesses to get into town.
667	Open Participation	Easier to open and sustain small businesses
668	Open Participation	Economic development
669	Open Participation	Economic development
670	Open Participation	Economic development
671	Open Participation	Economic development for local business
672	Open Participation	economic development for shopping and encouraging small businesses
673	Open Participation	Economic development. Get LANL out of commercial space in town.
674	Open Participation	Economic development; although the county has failed at this for 20+ years
675	Open Participation	economic diversity downtown, having a real downtown
676	Open Participation	economic growth; support small businesses
677	Open Participation	Economic health - keeping businesses and restaurants in town and making it affordable to bring in others.
678	Open Participation	Economic health of non-lab workers.
679	Open Participation	Economic health of small business
680	Open Participation	Economic infrastructure
681	Open Participation	Economic vibrancy of downtown, not just Smith's and Metzgers.
682	Open Participation	Economy diversification
683	Open Participation	Efficient planning and implementation in true partnership with community - stop getting bogged down in process and reactionary to public opinion
684	Open Participation	Elder Care
685	Open Participation	Electric power
686	Open Participation	Electric utility
687	Open Participation	Electrical reliability and safety. This would include placing existing overhead lines underground.
688	Open Participation	Eliminate county government corruption.
689	Open Participation	Eliminate empty buildings/businesses in the downtown area.
690	Open Participation	Eliminate high density housing development.
691	Open Participation	Eliminating or reducing the golf course footprint in favor or housing and public parks that can be used by more of the population.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

692	Open Participation	Empty buildings
693	Open Participation	Empty commercial spaces
694	Open Participation	Enabling the small business environment, not being a roadblock
695	Open Participation	Encourage new businesses and create more nightlife
696	Open Participation	Encourage people to walk, bike and use public transportation
697	Open Participation	Encouraging businesses
698	Open Participation	Encouraging residents and local businesses as opposed to discouragement. Example: Trying to enact/enacting even stricter regulations on residents via nuisance laws that are actually going to drive local businesses and residents out of LA County.
699	Open Participation	Ensure equity in all aspects of services
700	Open Participation	Entertainment or varieties of shopping
701	Open Participation	environmental protection
702	Open Participation	Environmental sustainability
703	Open Participation	Expand Aquatic Facility hours to pre-COVID levels at least
704	Open Participation	expanded transit
705	Open Participation	Expansion of housibf
706	Open Participation	Facilitating economic development opportunities.
707	Open Participation	Facilities for teens
708	Open Participation	Fair representation. Not a one-sided council. Diversity is not just skin color.
709	Open Participation	Filling empty shops and stores
710	Open Participation	Fire the Community Services leaders, inluding building permits. Get competent people
711	Open Participation	Fiscal responsibility
712	Open Participation	Fix the utility infrastructure and remove many of the codes and ordinances that prevent people from being able to reasonably fix these old houses.
713	Open Participation	Fix the vacant building issue, and support small businesses ensuring retail space that fits their business plans, and affordable housing to support their needed worker population.
714	Open Participation	FOCUS ON LOCAL
715	Open Participation	focus on maintaining facilities and services already provided - have expanded too fast and too soon in last 3 years.
716	Open Participation	Focus on services for ALL residents of the County, not just geared toward the lab and/or large business. For example, Atomic City Transit should be available 7 days/week, not just on weekdays.
717	Open Participation	Focus on what young families and young professional want: Improve our trails for Mountain Biking, restaurants open later than 7PM, more housing opportunities
718	Open Participation	Following input, such as from community surveys and stakeholders, on changes such as the nuisance code and recent phase of golf courses modifications.
719	Open Participation	For someone to call back when inquiring for help installing a carseat. Better commuter traffic and more businesses.
720	Open Participation	Fostering an environment where small businesses can thrive. We need local shopping and dining opportunities here.
721	Open Participation	Get more land for building more housing
722	Open Participation	Get transit more help at fleet, fix the broken busses and hire more so that all routes can be up and running!
723	Open Participation	Getting Businesses that provide goods and services to be able to start and thrive in the town.
724	Open Participation	Getting off fossil fuels
725	Open Participation	Give more specific direction for code interpretations to the building department, they are applying very strict interpretations even for replacement in kind which is exempt in most federal codes
726	Open Participation	Grocery stores, shopping
727	Open Participation	Growth in private economic activity; business and employment opportunity, etc.
728	Open Participation	Handicap accessibility in public, commercial and residential spaces/areas
729	Open Participation	Having citizens clean up weeds and trash on their property, take pride in their homes and yards.
730	Open Participation	health care
731	Open Participation	Healthcare especially Women's Health
732	Open Participation	Healthcare: more doctors and accepting Tricare

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

733	Open Participation	Helping small businesses survive
734	Open Participation	Helping small medium businesses
735	Open Participation	Higher taxes on empty buildings.
736	Open Participation	HOA standards and requirements of living need to go. Businesses can't afford to stay here.
737	Open Participation	Home Improvement
738	Open Participation	Housing
739	Open Participation	Housing
740	Open Participation	Housing
741	Open Participation	HOUSING
742	Open Participation	Housing
743	Open Participation	Housing
744	Open Participation	Housing
745	Open Participation	Housing
746	Open Participation	Housing
747	Open Participation	Housing
748	Open Participation	Housing
749	Open Participation	Housing
750	Open Participation	Housing affordability and availability
751	Open Participation	Housing affordable
752	Open Participation	Housing and police enforcement
753	Open Participation	Housing for single people who don't make a shitload of money. in this town $150k/yr is low income but y'all are blind to the reality you've created. no one should be forced to commute from Rio Rancho because there's literally the only affordable and somewhat safe area to live. Espanola is too dangerous, Santa Fe too expensive .
754	Open Participation	housing is horrible need more housing that isnt jack up in price
755	Open Participation	Housing Options
756	Open Participation	Housing. Build more, affordable houses.
757	Open Participation	I do not want any short term rental schemes like Airb&b or Pasco to take root in my residential neighborhood. They are unregulated commercial operations drawing traffic, noise and trash to a residential area. They are commercial operations that generate commercial water , sewer and trash and do not pay commercial rates. I want the county to adopt prohibitions or strict commercial permits with special use permits, not just business licenses, that can be revisited each year. These schemes hijack neighborhoods and the neighbors have had no say in their development. Also, please consider working with LAPS to develop less noise and lighting. The bells at Chamisa Elementary are just below the number of decibels for a violation of the noise ordinance. They could lower them.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

758	Open Participation	I have lived in Los Alamos for over 10 years and I have seen a steady decline in overall wants and needs of this county. We need to bring in more quality retail and night life to both White Rock and Los Alamos. Younger people will not want to move here if there is not shopping or places to eat. During the week our current restaurants cater to the weekly lunch rush and then are mostly closed on the weekends. There are very limited places to eat for brunch on a weekend morning which is really a shame. In White Rock there are only TWO (I will repeat two) options for dining. If it is Sunday Pig and Fig is closed limiting the selection even further. There is a bunch of vacant space in White Rock near Smith's that should be developed into retail and housing. Second, young people can't even live here due to the cost and lack of inventory. If things do not change, I don't see how Los Alamos county will continue to thrive. The Laboratory might be hiring at an exponential rate, but those potential future workers most likely will not chose the Lab and or Los Alamos because there is absolutely nothing here other than a good school system. Something drastic needs to happen. On top of the points I bring about above, there is a serious problem with the medical care that is available to Los Alamos residents. For a time there was absolutely NO women's reproductive health physicians in the county. That is a serious issue if you are trying to target young families to live in the county. During that time, I had my first child and went to Santa Fe for care. Elderly medical care is also one of the worsts in the state (mostly due to location). If an elderly person has a serious medical issue in Los Alamos they have to be transported to a bigger facility with better care and equipment most likely in ABQ or Santa Fe. It's so unfortunate to see the county slowly dying out, because Los Alamos is a truly beautiful place to live and would be a wonderful place if only the county didn't lack essential necessities to live in the 21st century. We need to stop focusing on spending money on Art in public places (the pieces that are created are lovely but we don't need more sculptures in town) or rebranding the county's logo, these items will not fix the problem that Los Alamos is in dire need of help. The county needs to be more open to renting their owned spaces to small business rather than the Laboratory.
759	Open Participation	I want the county to STOP trying to be an HOA!I am increasingly unhappy with code enforcement and the impact it is having on lower income residents.I grew up in Los Alamos and I'm increasingly angry about coffee enforcement. I don't feel that residents or others should be encouraged to mind other people's business, which is what is happening now.One other thing, I'm not black, but I've seen quite a few black people move to town and I've been troubled and a little surprised by what seems to be a very strong undercurrent of anti-blackness in Los Alamos.
760	Open Participation	I wish the county wasn't so interested in increasing the population/housing of Los Alamos. That will change the character of Los Alamos in ways that may be detrimental.
761	Open Participation	I would like the county boards not to be controlled by certain lobbies in the community (such as the bicyclists' control over the transportation board.)
762	Open Participation	I would like the county to focus on robustly funding their current contracts and programs before they continue to add new ones or spend money upgrading facilities that don't need upgrades (tennis courts, golf course etc) while the other contracts in town (FSN, PEEC, Art Centers) struggle to make ends meet
763	Open Participation	I would like to see the county council dissolved and a single entity replace them. Focusing their attention on implementing a "nuisance code" this past year was a classist overreach that served little to no purpose other than furthering pretentious ideologies of "what our community should be" compared to the reality of what it is. This code seems to only punish those who can't afford landscapers, contractors, and the huge portion of the community that doesn't have a garage (and cannot be permitted to build one due to strict county policies). They stripped community members of options without any kind of support and I feel as though this massive misstep should result in them being disbanded for another option that actually suits the community and not their own aesthetic interests.
764	Open Participation	I would like to see the County open applications for grants/ funds to local businesses or entities to host community events without the County managing these events or using them for publicity. The County should focus on finding ways to collaborate with our local businesses instead of looking out of town to bring in bigger entities.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

765	Open Participation	I'd like the County to revisit the proposal which was approved by NMDOT in either 2018 or 2019, to build a road from the Bernallio area to White Rock over the White Rock Canyon area. The proposal would cut commute time from the Bernallio/Rio Rancho area to an hour, so that LANL employees could live down there and work up here. I'm not sure how Los Alamos County can add any more housing as things currently stand. This link has an article by the LASG, but I think it might have been in the Santa Fe New Mexican. Let's really revisit this. Perhaps too if this road was built the commercial/retail economy might improve as well. Please do this! https://www.lasg.org/press/2019/SFNM_14Sep2019.html
766	Open Participation	I'd like to see the county back off on their overzealous code enforcement! You are doing an extremely poor job of keeping up your own space. Spend more money on cleaning up your own act and less on harassing and intimidating the good people of your community. The use of a drome to spy on residents in unconscionable, an insult, disrespectful and a serious invasion of privacy. Shame on you for not thinking it is wrong!
767	Open Participation	if people vote down something and the county council, does it anyway! terrible!
768	Open Participation	If the county is going to make laws / regulations; you need to apply them to the county first, before the residents; without raising taxes. Such as weeds & trash. There are more weeds over 18" high on county properties than on anybody else's property. Lead by example.
769	Open Participation	implementing the LARES recommendations
770	Open Participation	Improve business environment.
771	Open Participation	Improve the competitiveness of the pay for county emergency responders (fire and police) so we can fully man our emergency servies.
772	Open Participation	Improved downtown (shopping, restaurants, design, etc)
773	Open Participation	Improved utility infrastructure
774	Open Participation	Improving business diversity
775	Open Participation	Improving climate for small businesses, especially restaurants.
776	Open Participation	improving public transportation
777	Open Participation	Improving reputation with citizens
778	Open Participation	Improving what they have, or looking into community space/gym space run by the county. stop spending money at the golf course.
779	Open Participation	In Utilities, stop the green-weenie foolishness. Go back to contracting for electricity/gas based on cost and reliability, PERIOD.
780	Open Participation	Increase bicycle safety by getting them off the car roads.
781	Open Participation	Increase business
782	Open Participation	Increase housing options
783	Open Participation	Increase opportunity for non lab workers to find housing
784	Open Participation	Increase shopping, dining, tourist opportunities. I feel like I live in a dying town.
785	Open Participation	Increased density and allowing vertical development
786	Open Participation	increased renewable energy
787	Open Participation	increasing commercial business
788	Open Participation	Inexpensive, reliable Broadband
789	Open Participation	Informing public about how local government works and how to participate
790	Open Participation	Infrastructure
791	Open Participation	Infrastructure
792	Open Participation	Infrastructure
793	Open Participation	infrastructure
794	Open Participation	Infrastructure
795	Open Participation	Infrastructure
796	Open Participation	Infrastructure
797	Open Participation	Infrastructure
798	Open Participation	Infrastructure maintenance and replacement
799	Open Participation	infrastructure stability including telecom
800	Open Participation	INFRASTRUCTURE!
801	Open Participation	Install street lights by the golf course to help avoid hitting deer crossing the road.
802	Open Participation	integrity of council members
803	Open Participation	Internet infrastructure / speeds

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

804	Open Participation	keep businesses in town and bring new businesses to town
805	Open Participation	KEEP COUNTY TRUCKS OFF CENTRAL AVENUE BETWEEN THE BRADBURY AND THE LIBRARY !
806	Open Participation	Keep local trails open even if/when there is deemed to be fire danger.
807	Open Participation	Keep teens and youth engaged and welcome downtown in central areas of town. Treat teens with respect and support them. The kids and families of Los Alamos are more important than tourism. Make the summer concerts smaller like they used to be. Focus on making Los Alamos family oriented and safe.
808	Open Participation	LA county needs to listen to and seriously consider resident opinions.
809	Open Participation	Legitimate effort to draw, support and keep new businesses.
810	Open Participation	Less focus on wokeness,and ESG.
811	Open Participation	Letting the public know when changes are planned.
812	Open Participation	Light and crosswalk at mirador entrance for safe crossing of NM-5
813	Open Participation	LISTEN TO RESIDENTS - stop trying to push YOUR agenda and ignoring what we want! repair infrastructure !!!
814	Open Participation	LISTEN to the public
815	Open Participation	Listen to the staff of Los Alamos County, as they are subject matter experts; rather than the small amount of residents that "know best" when they are unhappy about a change/improvement.
816	Open Participation	Listen to us (people under 40)
817	Open Participation	Listening to the publics concerns and not spending tens of thousands of dollars on studies that are a waste of time and money.
818	Open Participation	LOCAL BUSINESS
819	Open Participation	local health care
820	Open Participation	Long term vacancies of commercial buildings and spaces
821	Open Participation	Low income households
822	Open Participation	Low income housing
823	Open Participation	Lower taxes
824	Open Participation	Lowering taxes
825	Open Participation	Maintain what we have!! Bathrooms at parks are horribly dirty and not kept up. This is a reflection of who we are as a community.
826	Open Participation	Maintain, improve, or replace existing infrastructure
827	Open Participation	Maintaining and upgrading infrastructure
828	Open Participation	maintaining existing infrastructure
829	Open Participation	Maintaining open space
830	Open Participation	Maintaining or improving upkeep and appearance of private properties in neighborhoods.
831	Open Participation	Maintaining trails and open areas
832	Open Participation	Maintenance and staffing of existing facilities and infrastructure rather than ignoring their decline in favor of "new and shiny." In this regard county council chronically and eternally fails us.
833	Open Participation	Maintenance and upgrades to existing facilities
834	Open Participation	Maintenance of existing assets
835	Open Participation	maintenance of existing open spaces - especially trails that are used by most residents; protection of mature forest as it takes decades for it to grow
836	Open Participation	Maintenance/improvements of the existing county facilities before building new ones
837	Open Participation	Make doing business in Los Alamos easier.
838	Open Participation	make important decisions in shorter time frames
839	Open Participation	Make it easier for local businesses to succeed
840	Open Participation	Make it easier for small businesses to thrive.
841	Open Participation	Make it easier/cheaper to increase and diversify locally owned businesses
842	Open Participation	Make opening/starting a new business in town less of a bureaucratic headache that ultimately drives them away.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

843	Open Participation	Making amenities for kids of all ages much higher quality. We cater to senior citizens at the expense of children. Los Alamos has the best schools so it should be a kid/family community first. Retirees can move if they don't want to move in that direction. Families are tied to employment at the lab. In order to attract talent we need to make big in roads. We should be comparing ourselves to other affluent upper middle class suburbs in major cities not the rest of New Mexico.
844	Open Participation	Making cost effective decisions
845	Open Participation	Making it easier for small businesses to succeed in Los Alamos
846	Open Participation	making owners of empty houses pay taxes or sell them
847	Open Participation	Making the Real Estate Development process easier and faster. The Planning, and permitting office is unique in the state in the amount of time they take to process permits and make inspections. Multiple visits could be reduced.
848	Open Participation	Medical and healthcare
849	Open Participation	Mixed used, better use of downtown buildings for local business affordable living.
850	Open Participation	Mixed-use business and housing. Examples: Garage near the high school, fix old Smith's area.
851	Open Participation	More affordable housing that are not apartments and not Los Alamos affordable but state affordable. Not everyone in the county makes over 100k a year and the "affordable housing" is not really affordable! Move all LANL contractors over to LANL property so Retail and food businesses can afford to open in this town.
852	Open Participation	More businesses down town in white Rock and Los Alamos
853	Open Participation	More housing opportunities without the insane price hikes. Los Alamos is very elitist.
854	Open Participation	More opportunities for primary medical care
855	Open Participation	More political diversity on the council
856	Open Participation	More retail and shops. More affordable retail space and zoning.
857	Open Participation	more small business support.
858	Open Participation	More small businesses opportunity
859	Open Participation	More small. Business growth
860	Open Participation	More transparency - too many things happen with little or no notice.
861	Open Participation	More transparency and better communication with the residents of this community about county development plans.
862	Open Participation	Need more medical professionals! It's so difficult to get an appt with a pediatrician or primary care professional. Still can't find one!
863	Open Participation	New Housing
864	Open Participation	New housing developments with total number of units above hundreds or even a thousand
865	Open Participation	No dogs at parks. Dog owners leave feces everywhere and makes it unsanitary for kids to play. Have a pet fee for owners. There's too many loose dogs and this is on a daily basis. It's annoying
866	Open Participation	NO golf course expansion. Affordable housing for $250k+ income households. Seriously, wtf. HONESTY & TRANSPARENCY. WE SEE YOUR BAD BEHAVIOR!
867	Open Participation	no more outages
868	Open Participation	Not bending to the will of a few special interest groups in making decisions (e.g., planning, code enforcement, biking, golf, horses, etc.) and keeping the silent majority as the lead in any decision making.
869	Open Participation	Not destroying our natural areas, such as cutting our ponderosas, bulldozing natural areas and polluting our waterways.
870	Open Participation	Not trying to screw residents over. Have never lived in a place where rules and regulations are only enforced randomly
871	Open Participation	Obtaining more affordable child care options. Child care and daycare in this community is horrendous.
872	Open Participation	Open Aquatic Center on Weekends
873	Open Participation	Open space conservation
874	Open Participation	Open space that is not the trail network: larger parks, more sport fields
875	Open Participation	Open the aquatic center on Saturdays
876	Open Participation	Opening up County land for housing. Close the worthless airport and build houses.
877	Open Participation	Opportunities for families and youth

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

878	Open Participation	Our down town is boring because there are offices and empty spaces where coffee shops and unique stores should be. All the cute shops in town are scattered and not in a walkable vibrant downtown area. Stop letting commercial space be bought only to remain empty like cb fox. Or held to rent to the lab. There needs to be more support and available space for small businesses. What we get is what was done to unquarked and sirpheys…shameful.
879	Open Participation	Our downtown business community.
880	Open Participation	Our Electrical System is a HUGE problem
881	Open Participation	Our hospital needs to go back to not for profit. It has gone way down!
882	Open Participation	Park quality, especially the playground equipment for kids is far below standard. We could do way better.
883	Open Participation	Paying attention to residents input.
884	Open Participation	People in our neighborhood don't care about weed control, mouse infestation, blocking of sidewalks and speed. With the drought, people should really care about FIRE PREVENTION.
885	Open Participation	People to clean up their property and code enforcement.
886	Open Participation	Please bring back the downtown area for businesses- eg shops, restaurants, outdoor sports shop, etc and really support the current small businesses. Work to bring down rents and not have LANL take up all the downtown space. It is hard to find an open restaurant on the weekends. Have to go to Santa Fe a lot to do any kind of shopping or get food or other necessities even though I try very hard to support the local small businesses that we have. (Smith's is not a small business and is more of a monopoly. We don't need more monopolies.) Thank you.
887	Open Participation	Please provide more redundancy in power and internet / broadband communication to avoid the outages experienced recently.
888	Open Participation	Please stop letting important topics get buried under generic agenda items, e.g. the Cty Mgr report. At least ensure some written record of it ends up in the archived packet, so they can be found with search terms.
889	Open Participation	Please work on trail repair and maintenance. They are badly eroded.
890	Open Participation	police corruption and harassment
891	Open Participation	Pothole repair
892	Open Participation	Power not going out so frequently
893	Open Participation	preservation of open spaces
894	Open Participation	Preserve natural environment
895	Open Participation	Preserve open spaces
896	Open Participation	Prevention of commercial real estate in town from being a speculative investment with the hopes that LANL will pay for it.
897	Open Participation	Pride in community
898	Open Participation	Promote tourism, especially winter sports and mountain biking. With county investment, LA can become a tourist destination. This could spur more restaurant options, more recreation options, etc.
899	Open Participation	Provide an increase in a service without decreasing the overall quality of that service. It was great when the county decided to do yard waste pickup. But then recycling pickup was cut in half. And remains every other week even when yard bins aren't collected. We have 10x the recycling every week as we do trash and ultimately some of that recycling ends up in the trash as a result. I've also ready about the potential food composting service. Which will generate revue for the county. But is an alleged self service (taking it to a collection point) by residents. And we'll also be charged for this.
900	Open Participation	Provide meeting minutes for county boards that actually capture what happened at a meeting.
901	Open Participation	provide proper manitenance of existing facilities
902	Open Participation	Provide residential broadband as a county utility throughout the county
903	Open Participation	Providing housing and lodging opportunities
904	Open Participation	Providing incentives for more commercial business opportunities.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

905	Open Participation	Public involvement. The County has no standard, robust system of public involvement - and needs one! This is not the same as fulfilling the legal requirements of public information. The lead County staff need education in public communication (they do poorly) and they need to champion transparent and clearly understood public involvement processes. We are wealthy County - and it should be easy for the public to understand actions and decision making. I have thought that the County should hire a consultant to evaluate public involvement across all functions - and really get an understanding about how to move forward. Citizens are the customers of the County - and the County staff needs to understand this in a much more effective way!
906	Open Participation	Public land access, pueblo access- roads
907	Open Participation	Public School Education needs major overhaul.
908	Open Participation	Public transit to Santa Fe
909	Open Participation	Public transportation available on weekends
910	Open Participation	Put CDAB (County Developmen Advisory Board) back in place. It should not have been disbanded.
911	Open Participation	Put Trinity back to 4 lanes. If there are needs for crossing, then come up with better ways, like overpass, underpass for pedestrians. Widen the road to accomodate bikes. Central/canyon rd is more suited for safe slow bike/car traffic. Trinity is to get a high volume of traffic through town. Get that fixed.
912	Open Participation	Quality and quantity of businesses in LA- including shopping and restaurants.
913	Open Participation	Quality housing (apartments/town homes) construction. A place for empty nester's to move and free up single family housing to incoming residents.
914	Open Participation	Quality medical services
915	Open Participation	Quality of life and happiness
916	Open Participation	Quality of transportation, especially roads, between WR and LA.
917	Open Participation	Quit giving away our land to large corporations. Quit trying to recruit large corporations
918	Open Participation	Racial equity
919	Open Participation	Realistic Affordable housing, not just apartments
920	Open Participation	Realistic codes for residents. Inclusive of all residents. Los Alamos is not a HOA. Building codes are cumbersome and not fairly applied.
921	Open Participation	Recently Los Alamos had 2 times of power outages and each time had 8 hours power outages per day. That is absolutely not acceptable.
922	Open Participation	Recognize all issues are tied together. We have so many empty buildings that could provide a vibrant economic center — and simultaneously welcome diverse people. We could have a Planned Parenthood and a gay bar and a Hindu temple in White Rock, and restaurants with food from around the world! Yes, we feel safe from violent crime, but it feels unwelcoming to stick out as the odd ones out in our community. It feels scary to be (almost) the only ones like us and feel like, if political tides turned, that the inclusion that people learned the last few years could evaporate in a flash, and we could be singled out. Having options to truly belong would go a long way — open, obvious, accessible options, not only things that you learn about years after moving here from a random conversation.
923	Open Participation	Recruiting businesses providing services people need. Have enough coffee/pastry places. Need laundramat, dry cleaners,more restaurants, plumbing services, electrician services, alteration services, skilled labor. Also some space besides Sala for birthday parties, wedding receptions, family reunions, etc. Also pizza place and fast food place in White Rock. And supporting the businesses already here, especially small business.
924	Open Participation	Reduce noxious weeds and mow done rag weed that is an allergen.
925	Open Participation	Reduce number of County Vehicles driving around aimlessly all day and parked at Smiths continually. They maybe need to ride the bus.
926	Open Participation	Reliable power and internet
927	Open Participation	Remember that there are people living here who are NOT rich lab employees. Look at ALL residents and focus less on recreational stuff for kids.
928	Open Participation	Remove the nuisance code
929	Open Participation	Removing barriers to and encouraging economic development of downtown Los Alamos and the White Rock business district

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

930	Open Participation	Removing the elitist reputation of the county by welcoming chain retail/food, stopping the emphasis on creating a county owned HOA
931	Open Participation	rent control
932	Open Participation	Rent empty buildings!
933	Open Participation	Replace old streetlights with new ones that don't light up the whole neighborhood.
934	Open Participation	Representing the whole community and not just the few who have time to attend Council meetings and actively participate in county government. The loud voices of few carry more weight with council then does the general welfare of the community.
935	Open Participation	Residential code enforcement (weeds, trash, etc)
936	Open Participation	Residential housing opportunities
937	Open Participation	Restaurant & small business development/support
938	Open Participation	restaurant variety
939	Open Participation	Restaurants in town and cost of renting business space.
940	Open Participation	Restaurants; small businesses
941	Open Participation	Retail
942	Open Participation	Retail (can only purchase clothes at second hand or Smiths), entertainment (would like to see a current movie, go bowling, putt putt, pools open over holidays), maintain recreation (girls softball fields still need improvements, all of overlook park. Soccer, softball, and hockey tournaments could happen if we had functioning facilities and grounds kept up), doctors (don't retire here...you can't get a cardiologist let alone a family practice doctor), make White Rock part of community (look how LA was decorated for holidays versus WR...we aren't that far away), improve road out of WR (rush hour on two lane beat up road is a source of fun).
943	Open Participation	Retail and restaurant options. Food trucks?
944	Open Participation	Retail business
945	Open Participation	Revitalize businesses and services (medical, shopping, housing, utilities, etc.), making this an area people and families want to live in and set down roots rather than being a commute location for lab workers or a place you spend a couple of years then leave. (The recent outage of internet and phone service for an extended period without any communication was unacceptable.)
946	Open Participation	Revitalizing downtown by encouraging and helping businesses. All Los Alamos County seems to do is drive businesses out.
947	Open Participation	Rework nuisance ordinance to be less restrictive and burdensome
948	Open Participation	Road quality and traffic from LANL - dangerous and aggressive drivers daily that have no care for local residents safety or speed limits - I'm sick of dangerous driving when I'm trying to drive my toddler to therapy appointments and school.
949	Open Participation	Roads & sidewalks, not including Central which is routinely rebuilt
950	Open Participation	Roads adding a lane to help the flow of traffic out of white rock and fix the road diet mess on trinity.
951	Open Participation	Roads into and out of White Rock
952	Open Participation	Roll back the nuisance code. The surveys that were sent to the public was biased and one sided. We want county out of our business and off our property.
953	Open Participation	safety for bike commutes (to work, shop, eat...)—including how bike lanes are snowplowed
954	Open Participation	Safety from wildfire by mitigation in neighborhoods as well as public areas. Neighborhoods are overgrown with trees.
955	Open Participation	Safety on Diamond Drive at the golf course area, fencing and lighting to protect traffic and deer etc. There are unfenced stretches and very dark areas at night.
956	Open Participation	Section 8 housing and other opportunities for lower income and fixed income residents without using all the open spaces we love.
957	Open Participation	Security at the entrance of town, Small business development, & quality home construction- not necessarily affordable home options
958	Open Participation	Senior Center needs to provide welcoming services. The Director needs to be replaced with someone who will provide the services listed in the Los Alamos County contract to the full extent.
959	Open Participation	Services for families with children under 5
960	Open Participation	Services for Tweens

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

961	Open Participation	sewer costs used to be tied to water usage. as someone who lives alone i cannot believe I pay the same as a large family for sewer and trash. so unfair!
962	Open Participation	Shopping and restaurants open evenings and weekends
963	Open Participation	Shopping, visitor attractions
964	Open Participation	Single family home development
965	Open Participation	Small and medium size businesses
966	Open Participation	Small business
967	Open Participation	Small business and comercial development.
968	Open Participation	Small Business Cooperation / Attraction
969	Open Participation	Small business development
970	Open Participation	Small business development
971	Open Participation	Small business opportunities
972	Open Participation	Small businesses
973	Open Participation	Smart development of LA's downtown and the White Rock MRA area--- in ways that add vibrancy, public gathering, and economic growth while incorporating recommendations from the LA RES Task Force so that new development is environmentally sustainable and ideally carbon neutral.
974	Open Participation	Some buildings need to be removed along Central. They are an eyesore and not of historical value.
975	Open Participation	Spend money in WR!!!! Our paths don't have the nice lights like the ones in LA do. WR needs the nice bus stops like LA has.
976	Open Participation	Starting and supporting small businesses
977	Open Participation	State Rt 4 is miserable out of White Rock. I know it's not Los Alamos county but can't you do anything?
978	Open Participation	stop creating and enforcing elitist rules on residents (personal property) and small businesses (Sirphy)
979	Open Participation	Stop embracing the very fascism this community was founded to defeat.
980	Open Participation	Stop expansion of housing
981	Open Participation	Stop harassing residents about their yards.
982	Open Participation	Stop making life miserable for small business owners and harassing residents with code issues.
983	Open Participation	Stop micromanaging residential areas.
984	Open Participation	Stop nuisance code over enforcement
985	Open Participation	Stop promoting extravagant, destructive recreational projects
986	Open Participation	Stop spending and then lower taxes! A10% raise to all county employees is excessive since it is with tax dollars!
987	Open Participation	Stop tearing apart the natural areas of this town and townsite. STOP the paving and recontouring of our town. Please stop cutting down the trees and deciding what is "needed" for the town, when what is the most exceptional aspect of this area is exactly the obvious: the naturalness and the beauty of the landscape. There is absolutely no need whatsoever for a mass of tennis courts being placed at overlook park, when the courts in town already are not maintained, thusly hard to use. Take care of what is already here befor deciding more is needed. Stop answering to just a few select people, instead, please serve the community as a whole. Listen to the people who love to live here, appreciate the unique aspect of our town.
988	Open Participation	Stop the stupid idea that different skin colors, mean different ideas. It is insulting. If you want true diversity, you must respect all thoughts. Including traditional value. I felt more excluded here than another place.
989	Open Participation	stop wasting money on projects that provide very little benefit for very few people.
990	Open Participation	Stores, shopping , quality
991	Open Participation	Street maintenance
992	Open Participation	Streets, traffic control, bike lanes are one item -- transportation
993	Open Participation	Support and build up of small businesses
994	Open Participation	support for small businesses
995	Open Participation	support for small businesses and support for homeowners remodeling homes.
996	Open Participation	Support of small business owners.

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

997	Open Participation	Support of small businesses and non profits, including ease of permitting when moving locations and during renovations.
998	Open Participation	Supporting local businesses
999	Open Participation	Supporting local variety of shopping experiences
1000	Open Participation	Supporting more diverse shopping/business opportunities--especially food/retail.
1001	Open Participation	Supporting non-Laboratory retail businesses
1002	Open Participation	Supporting successful small businesses. The county has consistently seen the loss of restaurants, stores, and activities with little to no replacement. Most commercial space within the county is empty, dilapidated, and has no sign of changing within the next decade at the least.
1003	Open Participation	Supporting, maintaining, increasing Commercial property Zoning
1004	Open Participation	telecom/broadband
1005	Open Participation	The ability for small businesses to get approvals to open.
1006	Open Participation	The county council needs to create an atmosphere that is friendly to small business regardless if they are friends with the council members or not.
1007	Open Participation	The county needs to LOWER utility rates for residents.
1008	Open Participation	The County, ACT, and the school system discriminates against residents on Barranca Mesa: (1) There is not a HANDICAP accessible walkway from Barranca Mesa to abywhere else. The County's fully flubbed and failure of a royndabout only made this worse and after 15 years of complaints--- remains too lazy to actually do the right thing for disadvantaged residents on Barranca Mesa. This is CRIMINAL!!! Add to this the COMPLETE absence of a bike lane from Barranca. What is the County's problem with its Barranca residents!? (2) To just add salt in the wounds: ACT doesn't run buses during the Gordon's Concerts to Barranca, but virtually everywhere else -- why? Because the County discriminates against our disadvantaged people or kids? (3) The LA Schools forced our middle school and high school kids to take the public bus, because the County wants to pinch a penny. The drivers of the overcrowded buses would not allow our kids on, so we had to drive them. STOP THE DISCRIMINATION!!!!
1009	Open Participation	The downtown los alamos area is a shame
1010	Open Participation	The golf course
1011	Open Participation	The infrastructure and layout of the town/county, and even the availability of groceries at the Smith's were all determined before the Lab started this massive dayworker program, and now we are having to deal with gridlock (extremely evident during the work on Canyon Road), unavailable food items on a regular basis, and just too many people in town. I'm just glad I'm not the one having to figure this out.
1012	Open Participation	The reduction of unused buildings in commercial areas
1013	Open Participation	The small buisnesss line needs to be dropped. No commercial business is able to survive outside of restaurants in the long term. That space could br used to develop more housing that could help alleviate the cost of living and may attract more young people. People such as myself who will be relocating in the near future to areas where there is affordable housing and similar job opportunities. The community as a whole has repeatedly shown that they do not want to support small businesses and it has hampered development in other sectors, just look at all that empty space near the White Rock Smith's that was going to be turned into apartments at one point.
1014	Open Participation	The way it treats homeowners. This is not Stepford.
1015	Open Participation	There are major issues better old and young. Long term vs recent arrivals. My assessment is the old is outdated and holding the county back.
1016	Open Participation	This is no place to raise a child. Everything is always closed. The ice rink has limited hours for public skate and the cooling system always seems to be broken. Rarely is there a skate patrol, only two people seem to know how to sharpen skates, the snack bar has limited items and is often closed. The pool is closed on the weekends is rarely available. The new addition to the pool is way to small and is often overcrowded (on my two visits). The outdoor pools seem the same as they were in the 80's. The YMCA, although has made some improvements, is the same as when I was a kid and the climbing wall is always closed.
1017	Open Participation	Tourism
1018	Open Participation	Traffic enforcement

Question 13: Thinking about the next few years, what is ONE item or FOCUS area you would like the County to improve?

1019	Open Participation	Traffic on SR4 and between SR4 and townsite during rush hours. Getting to and from White Rock is difficult and becoming worse. (Realize that Los Alamos County Gov. must work with LANL, State and pueblo governments. But someone has to get it going!)
1020	Open Participation	Traffic speed enforcement
1021	Open Participation	Trail maintenance and protection of open spaces.
1022	Open Participation	Transparency
1023	Open Participation	Transparency
1024	Open Participation	Transparency
1025	Open Participation	Transparency
1026	Open Participation	Transparency
1027	Open Participation	TRANSPARENCY and ACCOUNTABILITY. This survey is, as usual, problematic with clear paths to distort the results. Code enforcement is "good" because it has been enforced for "health and safety only" since 2020. Councilors and staff routinely misrepresent facts on a variety of topics. Councilor Derkacs has made personal attacks against members of the public and issued veiled threats from the dais with no consequences. Councilors Hand and Lepsch routinely attend meetings without having read the material, with no consequences. There is no accountability among our elected officials or County staff. Thankfully Councilor Ryti continues to provide strong leadership and we have promising new councilors who claim to care about transparency and accountability.
1028	Open Participation	Transparency, especially concerning economics, businesses, and business development.
1029	Open Participation	Transparent communication
1030	Open Participation	Transportation and services for the elderly who can't use the bus: Uber, taxi, more vans to take them where they need to go.
1031	Open Participation	Transportation- state road 4 between White Rock and main hill
1032	Open Participation	Truthfulness
1033	Open Participation	Uk
1034	Open Participation	Update zoning (all needed) to incentivize and promote mixed use (e.g., retail tenants for street level and housing on second (and higher) floors)
1035	Open Participation	Upgrading aging infrastructure.
1036	Open Participation	Utilities
1037	Open Participation	Utilities
1038	Open Participation	Utilities and internet services
1039	Open Participation	Utility infrastructure...electric and natural gas.
1040	Open Participation	Vacant commercial buildings
1041	Open Participation	Variety of local food and retail business.
1042	Open Participation	Want more restaurants/shopping/services
1043	Open Participation	We must improve, upgrade, and build more quality housing in Los Alamos. This includes the infrastructure for residents to get to and from their houses to services and work.
1044	Open Participation	We need a better articulation of the plan to preserve the values of Los Alamos. We need to understand our impact on climate, water, and the surrounding communities. The values of Los Alamos include the fact that we have open space, nature, and high quality of life. Instead of discussing how to jam 10,000 more people into our pea sized county, preserve the fact that we have great things --- not turn us into a urban zone.
1045	Open Participation	We need a mayor
1046	Open Participation	We need a sidewalk for the residents of Elk Ridge to be able to walk or ride a bike to the bridge to get to town. It is very dangerous to do so today.
1047	Open Participation	We need small business and a viable downtown area comprised of small business owners
1048	Open Participation	Weeds. All the weeds makes the town look like a **** hole
1049	Open Participation	Weekend and evening transportation by Atomic city transit
1050	Open Participation	WiFi and Cell Service. We all depend on these services now.
1051	Open Participation	wildfire mitigation and resilience
1052	Open Participation	Work with state to improve traffic problems related to lab on NM 4.
1053	Open Participation	workforce housing
1054	Open Participation	Working for all the people, not against them or some

Question 13: Thinking about the next few years, what is ONE item or <u>FOCUS</u> area you would like the County to improve?

1055	Open Participation	Working with businesses to be viable in the county. Actively work with new businesses to open and thrive, rather than acting as a thorn in the side of new business owners.
1056	Open Participation	Would like more food options
1057	Open Participation	Would like to see a variety of businesses, shopping and restaurants, especially on Central. Seeing CB Fox empty leaves this central area feel empty and incomplete.
1058	Open Participation	Zoning

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

1	Scientific Sample	*Underground utilities. No more monuments built to house county-we have been evacuated due to fire twice in the last 20 years & we need to protect our utilities.
2	Scientific Sample	?
3	Scientific Sample	? Not sure better use of unused properties downtown!.
4	Scientific Sample	???
5	Scientific Sample	1
6	Scientific Sample	1) Make highway 4 between White Rock and Route 502 two lanes in each direction 2) add more parking at Los Alamos hospital.
7	Scientific Sample	3 more traffic circles
8	Scientific Sample	A community hall in White Rock that non-profits, clubs, students, sports teams, citizens can utilize for gathering events and able to serve food (catered or homemade), for a nominal fee.
9	Scientific Sample	A downtown Plaza.
10	Scientific Sample	A fine arts/performing arts facility
11	Scientific Sample	A mid-sized, well planned performance facility. The Duane Smith Auditorium is too large for many performance activities and very difficult to schedule. (LAPS is not very accommodating.)
12	Scientific Sample	A new performing arts building. The one they are using is too small for the amount of stuff stored and needed for shows and audience. It's also falling apart and too old to upgrade.
13	Scientific Sample	A quaint hub of shop and restaurant spaces that sets the image Los Alamos wants to attain (e.g. Alpine village) and remove the unseemly broken down concrete lots and abandoned horrible buildings downtown.
14	Scientific Sample	A road up bayo canyon to to the round about at the golf course.
15	Scientific Sample	A stronger cellular/ wifi network cable system.
16	Scientific Sample	A way to better handle Lab traffic.
17	Scientific Sample	access to high quality broadband service for all residents
18	Scientific Sample	Access to modern affordable Internet and much better healthcare
19	Scientific Sample	Acquiring land from LANL TA 70 and TA 72. This could be used for low income and senior housing, and or strip mall
20	Scientific Sample	Actual affordable housing; not this $800;000 crap.
21	Scientific Sample	Adding more support & opportunities for local businesses.
22	Scientific Sample	Additional housing
23	Scientific Sample	Adequate dog park in White Rock
24	Scientific Sample	Affordable commercial space
25	Scientific Sample	Affordable diverse commercial shopping
26	Scientific Sample	affordable housing
27	Scientific Sample	Affordable indoor recreation area.
28	Scientific Sample	Afordable Housing
29	Scientific Sample	After work hours gym space
30	Scientific Sample	Airport improvement (move hangars away from runway safety area; relocate fuel pumps)
31	Scientific Sample	Airport Infrastructure Improvements for access to Albuquerque.
32	Scientific Sample	another big grocery store.
33	Scientific Sample	Any action to keep shopper's $$ here.
34	Scientific Sample	Anything in White Rock - look at the number of people who live in WR versus LA proper & compare it to the capital improvement money spent per capita.
35	Scientific Sample	Anything in White Rock.
36	Scientific Sample	Apartment building
37	Scientific Sample	Ask for more transparency about the LANL activities.
38	Scientific Sample	Attract new businesses, protect current ones
39	Scientific Sample	Back ups for essential utilities, such as we just lost phones and internet. Would hate to lose water or electricity!
40	Scientific Sample	Ban cars in Los Alamos and implement mandatory use of public transportation. Expand said transit to 24/7.
41	Scientific Sample	better access, vehicle roads, through pueblo areas.
42	Scientific Sample	Better communication about what we already have; so I have good idea of what is needed.
43	Scientific Sample	Better fast food to choose from. Taco Bell!.
44	Scientific Sample	Better traffic flow at intersection of E Jemez and NM4.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

45	Scientific Sample	Better walking trails and walking bridges to connect across the different mesas in town. This would encourage more walking.
46	Scientific Sample	better, more reliable electrical grid
47	Scientific Sample	Bicycle flow trails.
48	Scientific Sample	Bike lanes on roadways and bike trails into downtown
49	Scientific Sample	Bike lanes.
50	Scientific Sample	Biking and BMX path and horse trails
51	Scientific Sample	BMX Park
52	Scientific Sample	Bowling alley.
53	Scientific Sample	Bridge over Rio Grande
54	Scientific Sample	Bridges across canyons for bikes/pedestrians so less reliability on cars to travel around and to access downtown area.
55	Scientific Sample	Bring some fast food options to White Rock! Subway pizza!.
56	Scientific Sample	Broadband
57	Scientific Sample	broadband
58	Scientific Sample	Broadband
59	Scientific Sample	broadband
60	Scientific Sample	Broadband
61	Scientific Sample	Broadband
62	Scientific Sample	broadband access
63	Scientific Sample	Broadband access like the county has to all residences.
64	Scientific Sample	Broadband as a utility.
65	Scientific Sample	Broadband as part of utilities
66	Scientific Sample	broadband infrastructure
67	Scientific Sample	Broadband internet
68	Scientific Sample	broadband should be a number one priority for this community.
69	Scientific Sample	Broadband universal internet.
70	Scientific Sample	Broadband.
71	Scientific Sample	Broadband.
72	Scientific Sample	Broadband.
73	Scientific Sample	Broadband.
74	Scientific Sample	Build a Bypass around the lab connecting the Truck Route and West Jemez Road. The plans were completely done and ready to build and got squelched by council . This project was part of a settlement between the lab and the County to provide unfettered access to NM 4
75	Scientific Sample	Build a performing arts center in the old Smith's vacant building and adjacent black top desert.
76	Scientific Sample	Building a facility that offers continum care - independent living; assisted living & total care [?].
77	Scientific Sample	Bury the power lines. The power goes out too often, and overhead lines are too great a fire risk.
78	Scientific Sample	Business district.
79	Scientific Sample	Canyon Rim Trail completion
80	Scientific Sample	Cheap Residential fiber optic internet
81	Scientific Sample	CIVIC CENTER.
82	Scientific Sample	Clean up the areas after forest fires
83	Scientific Sample	Community center
84	Scientific Sample	Community owned broadband
85	Scientific Sample	Complete golf course maintenance & implement option to improve golf course.
86	Scientific Sample	Complete improvements to White Rock public schools.
87	Scientific Sample	Concentrate on good maintenance of existing facilities.
88	Scientific Sample	Conference Center
89	Scientific Sample	consider a round-about at Trinity and Diamond.
90	Scientific Sample	Convention center.
91	Scientific Sample	county land management for fires
92	Scientific Sample	county wide broadband
93	Scientific Sample	COUNTY-WIDE BROADBAND.
94	Scientific Sample	Create a "gopher park/area" that has controlled gopher migration where the county staff and local residents can dump their gophers.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

95	Scientific Sample	Create a multi use recreational community facility similar to the Chavez Center in Santa fe
96	Scientific Sample	Create fire boundary around Los Alamos to enhance safety area from fires.
97	Scientific Sample	Deacon street improvements
98	Scientific Sample	Deferred maintenance on the golf course
99	Scientific Sample	Demo downtown White Rock. Make it a park in the near term....something
100	Scientific Sample	Development of business environment.
101	Scientific Sample	development of Mari-Mac Shopping Center area
102	Scientific Sample	Directional signage for the Los Alamos History Museum
103	Scientific Sample	Do something about empty bldgs.
104	Scientific Sample	Don't know
105	Scientific Sample	Don't know
106	Scientific Sample	Don't know.
107	Scientific Sample	Downtown (e.g. Central Ave) beautification/renewal to attract a vibrant business community and social hub
108	Scientific Sample	Downtown parking structure needed, particularly in the summer when we have tousists and Fridxay night concerts
109	Scientific Sample	Downtown renovation
110	Scientific Sample	Downtown revitalization
111	Scientific Sample	Electric power line maintenance.
112	Scientific Sample	electric system reliability
113	Scientific Sample	Electrical grid improvements.
114	Scientific Sample	Electrical grid reliability.
115	Scientific Sample	ELECTRICAL INFRASTRUCTURE.
116	Scientific Sample	Electrical power upgrade
117	Scientific Sample	Electrical system robustness & fiber optic internet & phone reliability.
118	Scientific Sample	Eliminate major unused buildings; e.g. Safeway.
119	Scientific Sample	ENCOURAGE AFFORDABLE RETAIL OUTLETS - IN PREMISES THAT ARE CURRENTLY NOT BEING USED.
120	Scientific Sample	Enhancing support and opportunity for the local business environment.
121	Scientific Sample	entertainment center. movies, bowling, etc
122	Scientific Sample	EV (electric vehicle) charging stations!.
123	Scientific Sample	Expand local water storage without using it as excuse to expand population.
124	Scientific Sample	Expanded; upgraded or additional dog park in White Rock. Do not forget about White Rock!.
125	Scientific Sample	Expanding bike network -> safely.
126	Scientific Sample	extend Canyon Rim Trail or duplicate it in another area.
127	Scientific Sample	Extend trail on N side of Los Alamos canyon.
128	Scientific Sample	Fiber internet citywide
129	Scientific Sample	Fill the empty Smith's building; this is wasted space right (use it or knock it down).
130	Scientific Sample	Fill these empty storefronts - another pharmacy; more local shopping available.
131	Scientific Sample	Finishing redoing water and sewer from fire project in the rest of the community
132	Scientific Sample	fix aging infrastructure, water and sewer, etc.
133	Scientific Sample	fix all electric service lines for fewer outages downtown
134	Scientific Sample	Fix all the existing tennis courts and dedicate some to pickleball
135	Scientific Sample	fix or destroy and rebuild older buildings for affordable small businesses
136	Scientific Sample	Fix roadways, fix handicap ramps in White Rock, currently flood during summer months and freeze with ice/snow in winter. Can't be used.
137	Scientific Sample	Fix route 4 or get DOE to fix it
138	Scientific Sample	Fix sidewalks in White Rock. Add street lights fo walking loop. Remove metal plates which are very slippery.
139	Scientific Sample	FIX SMALL BUSINESS OPPORTUNITIES.
140	Scientific Sample	Fix the bike path off La Sender Rd.
141	Scientific Sample	Fix the middle route stoplight nightmare.
142	Scientific Sample	Fix trinity drive and make Trinity Drive 2 lanes again. Repave rover and central ave, street condition are horrible.
143	Scientific Sample	FIXING MAIN ROADS FROM WHITE ROCK TO LOS ALAMOS WITH BIKE LANES FIXING BACK ROAD TO BANDELIER TO WHITEROCK AN UP TO BACK GATE WITH BIKE ACCESS.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

144	Scientific Sample	focus should be on maintaining and improving essential infrastructure such as electricity, sewer and water
145	Scientific Sample	For capital improvement, improve broadband access and quality. There are too many outages and interruptions for a community that relies so much on internet availability for work and daily life.
146	Scientific Sample	Gathering the numerous little businesses scattered throughout our county into one structure in the central business area. I.e., rethink a small business mall downtown such as CB Fox was once being considered.
147	Scientific Sample	Get rid of all of the abandoned/unused buildings and storefronts
148	Scientific Sample	Get rid of empty buildings. Fine owners who own empty buildings.
149	Scientific Sample	Get rid of the Merrimack shopping center
150	Scientific Sample	getting abandoned buildings up to code
151	Scientific Sample	Golf course brought up to modern standards without overall changes to the course design
152	Scientific Sample	golf course improvement
153	Scientific Sample	Golf Course Improvements.
154	Scientific Sample	Golf course maintenance
155	Scientific Sample	Golf course upgrades.
156	Scientific Sample	GOLF COURSE.
157	Scientific Sample	Gondolas for public transportation between the mesas.
158	Scientific Sample	Gopher eradication or better control at Overlook Park; Lights on Overlook Dara Jones and softball Fields #1 and #2 (and maybe #3) so that Field 4 can be made into a large Dog Park.
159	Scientific Sample	Guaje ridge bike trail improvements and publicity
160	Scientific Sample	Have capital to invest in good infrastructure and make available and affordable for those who need it and improve the community.
161	Scientific Sample	Having more options to shop/groceries & restaurants varieties help for seniors living in the county.
162	Scientific Sample	Health and wellness centers that are big enough to accommodate the populous. Please dont let Anytime Fitness be the only gym.
163	Scientific Sample	high quality / high speed broadband service
164	Scientific Sample	High quality broadband for all.
165	Scientific Sample	High quality broadband.
166	Scientific Sample	high speed internet
167	Scientific Sample	High speed internet EVERYWHERE in the county.
168	Scientific Sample	High speed internet!.
169	Scientific Sample	Highlighting business.
170	Scientific Sample	High-quality and affordable Broadband
171	Scientific Sample	Highway 4 between White Rock and the Truck Route - this needs to be widened and also maintained. If this isn't county land, than maybe they can work with the tribe to improve this section.
172	Scientific Sample	Housing
173	Scientific Sample	housing
174	Scientific Sample	Housing
175	Scientific Sample	Housing
176	Scientific Sample	Housing
177	Scientific Sample	Housing for summer students, maybe in place of the golf course on Diamond.
178	Scientific Sample	Housing.
179	Scientific Sample	HOUSING.
180	Scientific Sample	Housing.
181	Scientific Sample	HOUSING.
182	Scientific Sample	HWY 4 between Los Alamos and White Rock is in need of resurfacing.
183	Scientific Sample	I do not know
184	Scientific Sample	I do not trust the county to spend money honestly and efficiently enough to endorse a major capital improvement project. I do not think the county understands the magnitude of the lack of trust from county residents.
185	Scientific Sample	I don't know.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

186	Scientific Sample	I need to see a list to make a decision!.
187	Scientific Sample	I would like to see additional recreational opportunities increased to support more youth and adult programs like pickleball (indoor & outdoor), more gym space for a variety of opportunities (like basketball, scouts, badminton, pickleball, volleyball, martial arts, etc.), exercise equipment and programs. Perhaps a joint venture with the YMCA to build a facility suited for our community would be an excellent option.
188	Scientific Sample	I WOULD LIKE TO SEE THE COUNTY STEP IN AND HAVE THEM FINANCIALLY RESPOND TO FIXING ANY AND ALL EXISTING FACILITIES AND BRING THEM "UP TO CODE"! NEW BUSINESSES WON'T EVER LOCATE HERE WITH THE UNETHICAL; STRINGENT REQUIREMENTS THIS COUNTY PLACES UPON THEM. THAT INCLUDES EXISTING "OLD" BUILDINGS AND THE CONFINING ZONING FOR BUSINESSES ETC.
189	Scientific Sample	I would love to see the entire old Smith's building razed and it and the parking lot developed as community allotment gardens. This is what a truly progressive "small city" might do. Alas, there is not big profit in a project like that, so it will likely never happen.
190	Scientific Sample	Improve bike/hike infrastructure.
191	Scientific Sample	Improve business.
192	Scientific Sample	Improve community parks; we moved from Colorado Springs and all the county parks were well maintained w/ great seating; green areas shade options; only parks that haze this feel is urban & rover.
193	Scientific Sample	Improve electrical reliability; get rid of utility lines; go underground; eliminate fossile fuels.
194	Scientific Sample	Improve recreational opportunities
195	Scientific Sample	Improve recycling to reduce landfill waste, plastics and packaging specifically
196	Scientific Sample	IMPROVE RELIABILITY OF ELECTRICAL POWER.
197	Scientific Sample	Improve road infrastructure in White Rock
198	Scientific Sample	Improve road to Rendija canyon.
199	Scientific Sample	Improve senior housing facilities.
200	Scientific Sample	Improve sports complexes (overlook park).
201	Scientific Sample	Improve the county trail network by hiring additional staff. Maintaining and improving the existing trail network prior to building additional trails.
202	Scientific Sample	Improve the electrical infrastructure
203	Scientific Sample	improve the sidewalk along Central Drive
204	Scientific Sample	Improve traffic flow
205	Scientific Sample	Improved internet infrastructure.
206	Scientific Sample	Improvements to power grid reliability
207	Scientific Sample	Improving access to high quality broadband.
208	Scientific Sample	improving reliability of the power grid
209	Scientific Sample	Improving the housing problem.
210	Scientific Sample	Improving traffic flow especially to handle commuter traffic.
211	Scientific Sample	Improving traffic flow/ signal light timing in Diamond near hospital to high school.
212	Scientific Sample	Improving, updating, or renovating dilapidated buildings
213	Scientific Sample	Incentive for businesses / no more surveys - it's obvious!.
214	Scientific Sample	Incentivize small business
215	Scientific Sample	Increase percentage & diversity of renewables in the Los Alamos energy utility portfolio.
216	Scientific Sample	Independence from LANL for ALL electrical needs and upgrading ALL electrical lines in the County
217	Scientific Sample	Indoor ice rink
218	Scientific Sample	Indoor ice rink.
219	Scientific Sample	Indoor putt putt / bowling alloy some activity that isn't geared just for senior citizens.
220	Scientific Sample	Indoor soccer facility
221	Scientific Sample	infrastructure
222	Scientific Sample	Infrastructure
223	Scientific Sample	Infrastructure : roads; bike lanes; sewer.
224	Scientific Sample	Infrastructure _ sewers, electricity, internet
225	Scientific Sample	Infrastructure improvements to improve reliability of utilities (electricity and water specifically)
226	Scientific Sample	Infrastructure including internet and cell coverage.
227	Scientific Sample	Infrastructure modernization.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

228	Scientific Sample	Install a water line to Pajarito Ski Area for snow making and fire protection.
229	Scientific Sample	Internet & power reliability.
230	Scientific Sample	INVESTING IN WHITEROCK INFRASTRUCTURE - INCLUDING ATHLETIC OPPS NEW SMITHS STARBUCK; ETC. TO SUPPORT INCREASED POPULATION THAT HAS BEEN NEGLECTED AT THE BENEFIT OF THE HILL.
231	Scientific Sample	Investing increasing} the amount and types of housing options.
232	Scientific Sample	Keep residents safe and community from being over crowded.
233	Scientific Sample	Keep the golf course!.
234	Scientific Sample	Laying fiber optic to support broadband internet connectivity
235	Scientific Sample	libraries and schools
236	Scientific Sample	Limit spending to maintaining infrastructure - don't need new. Keep taxes low.
237	Scientific Sample	Los Alamos Welcome/Science Center to replace demolished HIll Top House parcel.
238	Scientific Sample	Low light pollution street lights
239	Scientific Sample	Lower rent places for Small Businesses so downtown has plenty of LOCAL options
240	Scientific Sample	Lower utility prices
241	Scientific Sample	Maintain the park next to the senior center allot better than it has been in the last 5 years. Mow all grassy areas; keep sidewalks clear & make handicap accessibility with bumps; cracks etc.
242	Scientific Sample	make it easier for local business to establish their business here
243	Scientific Sample	MAKE SHOPPING AREAS NICER.
244	Scientific Sample	Mari Marc center
245	Scientific Sample	MERIMAC.
246	Scientific Sample	Middle School activity center
247	Scientific Sample	Mixed use downtown storefronts (retail + residential)
248	Scientific Sample	more affordable housing and economic opportunities
249	Scientific Sample	More businesses
250	Scientific Sample	More businesses! We've got everything else we need!.
251	Scientific Sample	More dog parks.
252	Scientific Sample	More housing for people w/o a lab salary.
253	Scientific Sample	More housing, particularly apartment complexes, are required.
254	Scientific Sample	More lanes to get out of town to alleviate traffic in the afternoon and in case of an evacuation.
255	Scientific Sample	More open gym space- especially in WR.
256	Scientific Sample	More pedestrian crossing options for Trinity Drive (e.g., between Diamond and Oppenheimer, Oppenheimer and 20th), and Diamond Drive (between Orange and Arkansas/38th) - for example more overpasses like there are near the high school. It's nearly a mile from Orange to 38th st. and nearly as far between Diamond and Oppenheimer, and there are no real opportunities for pedestrians to cross.
257	Scientific Sample	More pharmacies
258	Scientific Sample	More public transportation options b/w white rock and Los Alamos and even on the weekend.
259	Scientific Sample	More rec places esp for kids.
260	Scientific Sample	More recreational diversity.
261	Scientific Sample	More restaurants/businesses
262	Scientific Sample	More retail
263	Scientific Sample	More robust utilities infrastructure
264	Scientific Sample	more stable electric service
265	Scientific Sample	movie theater
266	Scientific Sample	Movie theater / bowling alley / better shopping I don't know if this is a capital improvement but we've lost all these things. Something to keep people doing activities in town.
267	Scientific Sample	Movie theater for 1st run movies.
268	Scientific Sample	Multi-family housing
269	Scientific Sample	N/A
270	Scientific Sample	n/a
271	Scientific Sample	N/a
272	Scientific Sample	N/A.
273	Scientific Sample	N/A.
274	Scientific Sample	NA

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

275	Scientific Sample	NA
276	Scientific Sample	NA
277	Scientific Sample	NEED BETTER MAINTENANCE; NOT MORE "IMPROVEMENTS" TO MAINTAIN.
278	Scientific Sample	New bridge
279	Scientific Sample	New businesses.
280	Scientific Sample	NO NEW PROJECTS; MAINTAIN WHAT WE HAVE.
281	Scientific Sample	No opinion.
282	Scientific Sample	no suggestion
283	Scientific Sample	NONE - MAINTAIN WHAT EXISTS.
284	Scientific Sample	none - we should be working on deferred maintenance on what we have before building anything new
285	Scientific Sample	none the County govt has spent too much on capital improvements already
286	Scientific Sample	None.
287	Scientific Sample	NONE.
288	Scientific Sample	None—please improve the maintenance of our existing facilities.
289	Scientific Sample	NOT **** Golf Course!!!!!!
290	Scientific Sample	Not necessarily a capital improvement, but renovating, restoring, downtown areas
291	Scientific Sample	not sure
292	Scientific Sample	Not sure
293	Scientific Sample	not sure what you mean by Capital Improvement Project????? How about opening up Trinity to 2 lanes headed East again???? that bottleneck is terrible.
294	Scientific Sample	Not sure.
295	Scientific Sample	NOT THE GOLF COURSE! Something that the entire community can use and be proud of
296	Scientific Sample	nothing
297	Scientific Sample	Nothing comes to mind; which is an answer in itself.
298	Scientific Sample	Nothing, my taxes are high enough and we do not need further golf course investments. The county governance has proven time and time again that they like to waste money on consultants and still go against community wishes.
299	Scientific Sample	Open spaces for Franchise and other services to move into at a reasonable cost.
300	Scientific Sample	Opposed to increasing taxes for unnecessary improvement
301	Scientific Sample	Our downtown is dying. Tax the owners of the empty buildings they are making money off our town becoming a ghost town.
302	Scientific Sample	Our Infastructure
303	Scientific Sample	OUR SOCCER FIELDS. GOPHERS HAVE TURNED ALL OUR CHILDRENS DEVELOPMENTAL SURFACES INTO EXTREMELY UNSAFE; UNPREDICTABLE; THIRD WORLD RESEMBLENT SOCCER FIELDS. THIS IS UNSAT & EMBARRASING. RODENTS FOLKS!! WE CAN DEFEAT RODENTS!!.
304	Scientific Sample	Parking structure for downtown eating/shopping. Utility upgrades.
305	Scientific Sample	Parking structure to support private mixed-use in-fill development in downtown Los Alamos
306	Scientific Sample	partially covering the rink
307	Scientific Sample	Perhaps a large gathering space for White Rock.
308	Scientific Sample	Pickleball courts
309	Scientific Sample	Pickleball courts - indoor in rec center & outdoor in both White Rock & Los Alamos.
310	Scientific Sample	Please bury the utility lines and get rid of the poles.
311	Scientific Sample	Please define what a capital improvement project is when creating these forms.
312	Scientific Sample	Please stop spending more taxpayer money!.
313	Scientific Sample	Please support renewable energy by adding significant electrical storage to the community. For example installing Tesla Mega pact battery storage for community electrical power. This will become critical for reducing CO2 in the atmosphere.
314	Scientific Sample	Police Department
315	Scientific Sample	Power grid resilience
316	Scientific Sample	Pressure the owners of unoccupied buildings and unused land to release that for the needs of the community, not the needs of a tax write off.
317	Scientific Sample	Professional trail maintenance/development.
318	Scientific Sample	Promote a variety of new business.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

319	Scientific Sample	Protected/separated bike and pedestrian access from residential areas to downtown and the lab. It should be safe enough for a child on their own to ride or walk from home to school to the library, and right now it's not. That's not acceptable.
320	Scientific Sample	PROVIDE A COMMUNITY CENTER.
321	Scientific Sample	Public broadband internet.
322	Scientific Sample	Public outdoor pool and/or water park
323	Scientific Sample	Put the utilities underground
324	Scientific Sample	Quality of roads.
325	Scientific Sample	Recreation center
326	Scientific Sample	Recreation center with dedicated indoor ice rink.
327	Scientific Sample	Recreational facility similar to the GCCC in Santa Fe indoor track for walking / running - Indoor ice rink - ability to expand opportunities for hockey. - Indoor Gym.
328	Scientific Sample	Refresh LA Transit routes to include Pajarito/La Senda neighborhoods, and any others that need easily accessible public transportation. LA Transit was lovely before COVID; the bus stops were within easy walking distance and we could schedule special access when necessary.
329	Scientific Sample	Rehabilitate LA Reservoir and restore the ease of access that existed before the fire.
330	Scientific Sample	Reliable electric grid
331	Scientific Sample	Reliable electricity; more renewable and nuclear.
332	Scientific Sample	Reliable power and internet
333	Scientific Sample	Reliable power sources
334	Scientific Sample	RELIABLE POWER SUPPLY; REDUCE FREQUENCIES OF POWER OUTAGES.
335	Scientific Sample	Relief of Traffic.Widen State Road 4 into White Rock. I realize its a state highway, but can't the county work with them...? hopefully they already are
336	Scientific Sample	Removal of abandoned buildings and zoning for new buildings or businesses
337	Scientific Sample	Remove abandoned business properties & create modern multi-purpose use buildings; e.g. CB Fox; franks groceries.
338	Scientific Sample	Remove all dead trees.
339	Scientific Sample	renewable energy
340	Scientific Sample	Renovating or re-purposing the many vacant buildings, offices and storefronts in the county. (meri-mac shopping center area, central ave, spaces like the old clement and benner, etc.)
341	Scientific Sample	Reopening Reservoir area, including vehicle/handicapped access, fishing, picnicking, etc.
342	Scientific Sample	Repair and maintenance of streets and sidewalks with an emphasis to completing work within a reasonable amount of time.
343	Scientific Sample	Repairing all the roads in town with asphalt, not liquid tar in asphalt cracks,
344	Scientific Sample	Replace electric distribution system and include fiber optic internet access in same upgrade
345	Scientific Sample	Replace old sidewalks.
346	Scientific Sample	repurposing an existing downtown or near downtown building for a middle school center.
347	Scientific Sample	Retire the Ice Rink and move it to a location that is on an existing bus route
348	Scientific Sample	Revitalize Downtown
349	Scientific Sample	REVITALIZING THE BUSINESS ENVIRONMENT IN WHITE ROK TO BRING IN MORE RESTAURANTS SHOPS AND ATTRACTIONS. WHITE ROCK IS 1/2 THE SIZE OF LOS ALAMOS. YET ONLY HAS 2 RESTAURANTS AND ALMOST NO SHOPS.
350	Scientific Sample	Road improvement.
351	Scientific Sample	ROAD IN AND AROUND WHITE ROCK.
352	Scientific Sample	road system to handle increased traffic
353	Scientific Sample	Road to/from White Rock
354	Scientific Sample	Roads
355	Scientific Sample	Roads
356	Scientific Sample	Roads.
357	Scientific Sample	Roads.
358	Scientific Sample	Roads. Stop wasting money on useless unneeded buildings/ art projects/ parks. Cut transit busses. Honestly, how often do you see most the busses empty?
359	Scientific Sample	Safeguarding infrastructure (power; water; internet).
360	Scientific Sample	Safer bike routes
361	Scientific Sample	Safer streets for non-drivers (children, elderly, cyclists, etc.)

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

362	Scientific Sample	Same as # 13.
363	Scientific Sample	Sell of the golf course for more private homes.
364	Scientific Sample	Senior living facilties for 21st century. Multi-purpose facility in downtown area rather than isolated.
365	Scientific Sample	Serious improvements of infrastructure (especially power and internet services) to increase service capacity and reliability
366	Scientific Sample	sewer infrastructure
367	Scientific Sample	SHOPPING CHOICES.
368	Scientific Sample	Side walk improvement in commercial areas.
369	Scientific Sample	simple cycle gas turbine in proximity to los alamos to supply energy needs
370	Scientific Sample	Ski area pipeline for snow making.
371	Scientific Sample	Smaller elementary schools 200+, separate 6th grade, 7-8, and 9th, 10-12 ….elementary should be walking neighborhood schools
372	Scientific Sample	snow making at ski hill
373	Scientific Sample	Solution for empty buildings
374	Scientific Sample	SPORTS ACTIVITY CENTER.
375	Scientific Sample	Stop buying real estate that could be developed (CB Fox); either use the space for something good or let it go. Or improve / grow library.
376	Scientific Sample	STOP STUDYING BROADBAND and JUST DO IT -- you've been studying it for twenty years with zero useful action. YOUR ANALYSIS is an excuse for PARALYSIS in the case of broadband. Accept the idea that, in this century, broadband is a utility equally vital to economic health as are roads and electricity. I get better broadband service in the boondocks of rural Colorado than I do anywhere in Los Alamos county.
377	Scientific Sample	Support for healthcare workers to make Los Alamos safer.
378	Scientific Sample	Supporting local business development, especially from the aspect that income and rent in this county are so much higher than the norm for the state, which creates an extremely harsh economic environment for any small business, both in terms of their own high operating costs and in attracting and retaining employees.
379	Scientific Sample	Take over/improve Aspen Ridge and Sambrillo - we have an aging population and Sambrillo in particular is horrible.
380	Scientific Sample	Tell our commercial land lords to stop being greedy, and stop bringing in so many chains that don't care about our community
381	Scientific Sample	Tennis courts: Increase the number and maintain/repair existing
382	Scientific Sample	The alternate route to Los Alamos across the Rio Grande via bridge is enticing. Would be even better if the rail runner could be extended up here and all the way to the Sunport.
383	Scientific Sample	The down town; not much going on.
384	Scientific Sample	The flow of traffic.
385	Scientific Sample	The multi-use gym facility planned for up by the middle school.
386	Scientific Sample	The one area that is lacking sufficient county support is the arts. We need a venue for the visual (art museum) and performing arts/music/dance arts. (Duane Smith is huge and expensive, Fuller Lodge is busy. The Little Theater was built in the 1940s.) The rooms for art classes at Fuller Lodge are inadequate and not handicap accessible. Build a real "Arts Center."
387	Scientific Sample	Third access to towns and Espanola.
388	Scientific Sample	Traffic bypass route to Santa Fe/Albuquerque
389	Scientific Sample	Traffic light signaling
390	Scientific Sample	Traffic.
391	Scientific Sample	Trail maintenance
392	Scientific Sample	Trails.
393	Scientific Sample	Transit-oriented development
394	Scientific Sample	Trinity back to 4 lanes.
395	Scientific Sample	underground electric distribution system
396	Scientific Sample	Underground utilities (cables) - make utilities more affordable - more solar options.
397	Scientific Sample	unsure
398	Scientific Sample	Unsure.
399	Scientific Sample	update broadband infrastructure

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

400	Scientific Sample	Upgrades to utility infrastructure.
401	Scientific Sample	Upgrading the sand volleyball court at Urban Park.
402	Scientific Sample	Use of vacant spaces
403	Scientific Sample	utility infrastructure
404	Scientific Sample	Utility Infrastructure
405	Scientific Sample	Utility infrastructure
406	Scientific Sample	Utility infrastructure. Have way too many power outages for a US city in this day & age.
407	Scientific Sample	Utility Reliability and efficency.
408	Scientific Sample	Utility upgrades and backup
409	Scientific Sample	Utilization of empty storefronts.
410	Scientific Sample	vertical growth in buildings in downtown, add a parking structure to free up development space. change codes (somehow) to reduce stranglehold of downtown acreage from the few landowners.
411	Scientific Sample	water & sewer lines
412	Scientific Sample	Water and sewer lines.
413	Scientific Sample	Water line to the ski hill
414	Scientific Sample	water pipeline to pajarito
415	Scientific Sample	Water pipeline to Pajarito Mountain Ski Hill.
416	Scientific Sample	Water to the ski hill.
417	Scientific Sample	We need more restaurants in town.
418	Scientific Sample	White Rock downtown plan
419	Scientific Sample	White Rock elementaries.
420	Scientific Sample	White Rock MRA
421	Scientific Sample	White Rock needs amenities too. Los Alamos gets nearly everything. Give White Rock a YMCA or something. (Or a pool, or ice rink, or golf course, or lazy river, or an Ashley pond.. the RC car racetrack doesn't cut it anymore.)
422	Scientific Sample	White Rock Rec and Economic Facilities
423	Scientific Sample	White Rock sewer plant
424	Scientific Sample	White Rock Town Center Redevelopment
425	Scientific Sample	Widen all roadways / egress.
426	Scientific Sample	Widen Trinity Drive to return it to four lanes.
427	Scientific Sample	Wired high-speed internet
428	Scientific Sample	With the increased lab hiring and more people living out of county and commuting, the traffic flow needs to be improved - traffic is getting worse in the evenings and we need to be proactive in improving the flow into and out of town.
429	Scientific Sample	Work with LANL to support childcare options
430	Open Participation	a bike skills park and a six-mile National Interscholastic Cycling Association (NICA) trail loop
431	Open Participation	A performing arts center with space for rehearsals and performances, appropriate lighting and sound capabilities, sufficient backstage space and accommodations for theatrical sets, props, etc, with seating for 200-300. Duane Smith is too big and too expensive for most community events, and the existing PAC requires major infrastructure updates along with being too small for many productions (and controlled by LALT, an insular and corrupt organization).
432	Open Participation	A recreation center
433	Open Participation	A solar covered bike/pedestrian path between the townsite and White Rock. This is essential for safe movement between the sites and will generate power for the grid.
434	Open Participation	Actual affordable housing
435	Open Participation	Add extra lanes to Trinity Dr, truck route and highway 4 through White Rock and on to the "Y"
436	Open Participation	Additional accessibility to make the County a more "walkable" place to live.
437	Open Participation	Addressing vacant buildings
438	Open Participation	Affordable housing
439	Open Participation	Affordable housing
440	Open Participation	Affordable housing
441	Open Participation	Alernatives to Comcast
442	Open Participation	Although this is not a "thing", how about curbing the highly prevalent urban decay of this town.
443	Open Participation	Another vehicle (& Bike)route from White Rock to LA proper that LANL does not control.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

444	Open Participation	Anything that would improve bike and/or pedestrian access around town.
445	Open Participation	At this time money is tight. Maybe 3 to 4 years down the road improve White Rock.
446	Open Participation	Availability of High Speed Reliable internet
447	Open Participation	Barranca Community park consisting of dog park, playground and picnic Pavillion on Los Pueblos Rd. It was promised when Barranca Mesa was developed and it's still an empty field!
448	Open Participation	Better access to rio grande, pueblo land.
449	Open Participation	Better air ventilation across the board to fight airborne viruses.
450	Open Participation	Better broadband options
451	Open Participation	Better housing
452	Open Participation	better infrastructure for commuters: bike lanes, ebike rentals, public transportation off the hill and within the town, as the Lab grows
453	Open Participation	better internet
454	Open Participation	Better internet
455	Open Participation	Better traffic flow through downtown. Put Trinity drive west back to four lanes.
456	Open Participation	Bicycle Infrastructure
457	Open Participation	Bicycle skills park needs to be built. too many crybabies blocking needed fun for out yourh
458	Open Participation	Bike lane and safety on SR4
459	Open Participation	Bike lane on Trinity drive
460	Open Participation	Bike lanes
461	Open Participation	Bike lanes everywhere in town, coupled with timed traffic lights
462	Open Participation	bike lanes; i don't bike, but i fear for bikers lives around here
463	Open Participation	Bike park
464	Open Participation	Bike skills park
465	Open Participation	Bike skills park and Pueblo Canyon trail
466	Open Participation	Biking and walking bridges across canyons to dramatically cut down on time to get between the mesas.
467	Open Participation	Biking trails that are separate from hiking trails. Biking trails instead of biking lanes on the streets.
468	Open Participation	BMX track
469	Open Participation	Bring in another grocery store so smiths will have some healthy competition
470	Open Participation	Bring in more businesses
471	Open Participation	Bringing more businesses and restaurants to town.
472	Open Participation	Broad band access
473	Open Participation	broadband
474	Open Participation	Broadband
475	Open Participation	Broadband
476	Open Participation	broadband
477	Open Participation	Broadband - see Santa Fe's example for city-wide Wi-Fi
478	Open Participation	Broadband infrastructure
479	Open Participation	Broadband Internet
480	Open Participation	Broadband internet services
481	Open Participation	Broadband Internet to all residents and businesses
482	Open Participation	Broadband service access for the entire community.
483	Open Participation	Broadband.
484	Open Participation	Build a multi-use performing arts center
485	Open Participation	build a theater/performance space
486	Open Participation	Build indoor sports/ entertainment facility to serve the community especially the teenagers
487	Open Participation	Building the golf course in Rendija canyon, and using existing golf course land for residential growth, maybe some commercial.
488	Open Participation	Bury the power lines.
489	Open Participation	Burying overhead electrical wires, particularly those that cross canyons
490	Open Participation	BUY CB Fox and convert to stores and housing. with ONE design as SF does. LA is such a hodgehodge..facades needed
491	Open Participation	Buy fb fox if no one else will. Put in small shops and rent to businesses.
492	Open Participation	Carbon neutral

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

493	Open Participation	cell towers
494	Open Participation	Code enforcement
495	Open Participation	commercial diversity
496	Open Participation	Commercial vacancies
497	Open Participation	Community broadband
498	Open Participation	Community broadband network
499	Open Participation	Community Broadband, available at low cost to all residents.
500	Open Participation	Community Gymnasium/rec center
501	Open Participation	Community solar
502	Open Participation	community space
503	Open Participation	Complete deferred maintenance of recreation facilities including golf course and county parks.
504	Open Participation	Complete gtolf course improvements
505	Open Participation	Connect country by network af walking/ biking trails
506	Open Participation	Constant maintenance of infrastructure
507	Open Participation	Continuation of improvement of the downtown area
508	Open Participation	Converting empty buildings into useful spaces
509	Open Participation	County based Internet service
510	Open Participation	County has spent too much on capital improvements; need to reassess what is actually needed and deferred maintenance
511	Open Participation	County indoor recreational and services facility - meeting space, gym, courts, track, family/child activities for ALL residents.
512	Open Participation	County large meeting space with kitchen.
513	Open Participation	County owned and run REC Center/ rink or gym space, not investing in LAPS gym space that the community has little access to.
514	Open Participation	County wide fiber optic network as a utility
515	Open Participation	county-owned broadband
516	Open Participation	County-owned residential and commercial broadband as a utility, and provide reliable county urgent news information updates that are NOT based on Twitter or Facebook
517	Open Participation	Cover for the ice rink so it can be used longer as an ice rink and also a venue for concerts or other activities in inclement weather.
518	Open Participation	Create a beautiful downtown area by demolishing the old buildings that do not serve our community anymore and add practical/modern buildings to create a Boulder, CO look.
519	Open Participation	Create a space to attract either small restaurants or food trucks
520	Open Participation	Curating the DP Road district
521	Open Participation	Deacon Street development.
522	Open Participation	De-crap the streets of popouts (e.g. Central and Oppenheimer) and recurrent-cost ornamental gardens (e.g. Diamond).
523	Open Participation	Deferred maintenance on existing parks, ball fields, tennis courts etc...
524	Open Participation	Demo of CB Fox to develop the property
525	Open Participation	Develop and build a mid sized performing arts theater (500 seat) for the numerous local performing arts groups, and to encourage visiting local artist performances.
526	Open Participation	development of space where all individuals feel welcome and feel like they can meet and connect and is an alternative to going drinking at the bars
527	Open Participation	Do not build ANYTHING. You are empire building to increase your own staff.
528	Open Participation	do not know
529	Open Participation	Do something with Mari Mac Village/Old Smith's building
530	Open Participation	Doing something about all the vacant business spaces in town.
531	Open Participation	Don't know what that means, prob work on being eco friendly
532	Open Participation	don't know.
533	Open Participation	Dorm style housing for the semi temporary student worker population.
534	Open Participation	Downtown
535	Open Participation	Downtown businesses.
536	Open Participation	Downtown curb appeal
537	Open Participation	Downtown parking structure
538	Open Participation	Downtown revitalization

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

539	Open Participation	Downtown revitalization. Look at Walla Walla, Washington Downtown Association.
540	Open Participation	Electric
541	Open Participation	Electric and water
542	Open Participation	Electric grid stability
543	Open Participation	Electric system infrastructure and reliability.
544	Open Participation	Electrical infrastructure
545	Open Participation	Electrical infrastructure
546	Open Participation	Electrifying fleet
547	Open Participation	Emergency notification systems
548	Open Participation	Empty buildings
549	Open Participation	Encouraging, and not standing in the way of, more and diverse retail options, including restaurants and shops.
550	Open Participation	End the Road diet
551	Open Participation	Energy efficiency and to pass those savings onto the residents.
552	Open Participation	energy storage
553	Open Participation	Enhance existing utilities to reduce outages.
554	Open Participation	Enhance ski area. Get water for snow making
555	Open Participation	Entertainment facilities
556	Open Participation	epand protection of openspaces and trails
557	Open Participation	Expand and subsidize residential solar power generation. Too many restrictions on private solar power generation.
558	Open Participation	Facilitate Improving the old smiths and hilltop house properties at minimal cost to the county
559	Open Participation	Facilities need to be fixed or upgraded. The rink needs working systems, rubber mats in the the new bathroom area. The pool needs to be family/children friendly with better hours not to mention the bathrooms/ changing rooms are not family or child usable.
560	Open Participation	Facility for indoor athletic facilities like basketball, volleyball, etc
561	Open Participation	fiber to home
562	Open Participation	Finish work on the golf course
563	Open Participation	FIX the damn roundabouts, the striping is awful and people don't know how to use them. Second, the pedestrian portions of the roundabouts are an accident waiting to happen.
564	Open Participation	Fix the failing infrastructure
565	Open Participation	Fix the frick'in cross walks. Why can't pedestrian safety be an issue? No marked cross walks at North Road and Diamond Drive? Seriously, this is just unacceptable, but the county engineer says that cross walks are not a priority.
566	Open Participation	Fix the golf course
567	Open Participation	fix the sewers
568	Open Participation	Fixing the road down Rendija Canyon
569	Open Participation	Flow trail
570	Open Participation	Flow trail
571	Open Participation	Food composting
572	Open Participation	Force the commercial landlords to stop renting to LANL. Seriously. Do you want the town to die? And omg, no more banks. Please.
573	Open Participation	Get rid of the old unoccupied buildings and make a vibrant business environment!
574	Open Participation	Get the reservoir truly fixed and functional for recreation, to prevent flooding downstream (to protect ice rink, etc) by retreeing canyon to prevent erosion and improve wildlife habitat along the road leading up to it.
575	Open Participation	Getting businesses into the Mari Mac Center
576	Open Participation	getting rid of unrented/occupied houses
577	Open Participation	Golf Course Improvements
578	Open Participation	Golf course improvements (bring up to todays standards after 40+ years)
579	Open Participation	Grade-separated bike/pedestrian paths alongside or parallel to major thoroughfares
580	Open Participation	green energy
581	Open Participation	Gym at middle school

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

582	Open Participation	Helping fund Residential Improvement via a financial fund, materials, reliable and decent(local) contractors, etc. to upgrade windows, siding, insulation, etc. of local government housing. With the purpose of helping lower-class citizens afford meaningful upgrades to their residences to not only ease the cost of utilities and upgrades for those individuals but also upgrade the visual appeal of older neighborhoods.
583	Open Participation	High quality broadband.
584	Open Participation	High speed broadband
585	Open Participation	High speed broadband. (I think recreation facilities are already in the planning process).
586	Open Participation	High speed fiber optic network
587	Open Participation	higher-density housing options
588	Open Participation	high-speed broadband
589	Open Participation	Highway 4 between White Rock and 502 is a disaster waiting to happen. While not county property, it is vital to the county and improvements or alternatives should be implemented.
590	Open Participation	Housing
591	Open Participation	Housing
592	Open Participation	Housing
593	Open Participation	Housing
594	Open Participation	Housing
595	Open Participation	Housing
596	Open Participation	Housing - can't afford it or we don't have housing for county and lab staff
597	Open Participation	Housing developments
598	Open Participation	Housing options
599	Open Participation	housing please just housing
600	Open Participation	I don't know what "capital improvement" means
601	Open Participation	I don't know, something that gives a reason to stay in town on weekends or come to Los Alamos for recreation, which may help spur additional economic activity in the county
602	Open Participation	I think the county has a done a good job providing recreational activities for children. I honestly can't think of anything other than providing more access to trails etc. for young people.
603	Open Participation	I would like to see county employees (not just the management) pay improved so we can get talented and committed law enforcement, plumbers, landscapers, etc--and to encourage a culture that values vocational workers instead of only lab employees.
604	Open Participation	Ice rink improvements
605	Open Participation	Idk
606	Open Participation	IDK, but I believe there are better choices than the golf course or ice rink.
607	Open Participation	If SALA fails, but and reboot movie theater
608	Open Participation	Immediately invest in nuclear power sources of energy.
609	Open Participation	Improve fencing to protect pedestrians and vehicles from golf ball strikes on Diamond drive.
610	Open Participation	Improve park restroom availability in winter. Most of them are closed in winter.
611	Open Participation	Improve power reliability
612	Open Participation	Improve resources for making snow on the ski hill.
613	Open Participation	Improve roads into and out of White Rock
614	Open Participation	improve roads/hiways
615	Open Participation	Improve run-down and weedy areas in downtown
616	Open Participation	Improve SR 4 into White Rock. White Rock is a forgotten area in this county
617	Open Participation	Improve the electrical infrastructure to provide reliable energy
618	Open Participation	Improve the flow of traffic through and out of Los Alamos.
619	Open Participation	Improve traffic flow to and from the Lab.
620	Open Participation	Improve White Rock area as designated in master plan
621	Open Participation	Improved medical care infrastructure
622	Open Participation	Improved outdoor gathering spaces and trail/bike connectivity to downtown area.
623	Open Participation	Improvements to electrical grid
624	Open Participation	Improving daycare services
625	Open Participation	Improving existing roads and traffic flow by adding additional lanes, bridges, overpasses, etc. The damaged roads and extreme daily traffic delays are frustrating and a safety hazard.
626	Open Participation	Improving roads- multiple lanes, more available routes.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

627	Open Participation	Improving the golf course
628	Open Participation	Improving the Mari Mac Village Center
629	Open Participation	Increase green spaces in townsite.
630	Open Participation	Increase infrastructure maintenance.
631	Open Participation	Increase the spaces available for leisure activities
632	Open Participation	Increased capacity for solar electricity production - including home solar panels. Neighborhood battery storage.
633	Open Participation	Increasing road capacity on Main Hill Road, Truck Route, and State Road 4 in WR to accommodate the rush hour delays/standstills.
634	Open Participation	Indoor fitness facility i.e. bowling, exercise, racquetball, track, etc
635	Open Participation	Indoor Recreation Center
636	Open Participation	Indoor skatepark
637	Open Participation	Infrastructure
638	Open Participation	infrastructure
639	Open Participation	Infrastructure
640	Open Participation	Infrastructure
641	Open Participation	Infrastructure - electricity
642	Open Participation	Infrastructure including internet
643	Open Participation	Infrastructure supporting North Mesa housing
644	Open Participation	Infrastructure. Better, secure from damage and modern. Install solar panels over every county parking lot. Install hydro generators in the water lines below the water tanks. Subsidized solar for residents. These things can produce more power locally. Without having to buy into a nuclear power plant, far away.
645	Open Participation	Infrastructure. The lab rush hour is untenable.
646	Open Participation	Install artificial turf at a majority of the athletic fields
647	Open Participation	Install fiber for broadband throughout the County
648	Open Participation	Interconnected safe bike paths and walkways to all neighborhoods
649	Open Participation	Interner
650	Open Participation	Internet
651	Open Participation	Invest in a more robust pier infrastructure. Too many outages this last year!
652	Open Participation	Investing in infrastructure. Power stability has been more of an issue in the past 2 years than it has ever been in the past 20.
653	Open Participation	investing in White Rock MDA with green space, etc
654	Open Participation	Investment in replacement of aging water supply and waste water infrastructure. It is getting old and needs to be replaced; we need a budget for it.
655	Open Participation	It really sad we had more power outages than places in New Mexico.
656	Open Participation	LA is a fantastic place to live. My few slightly negative ratings above are related to housing and business development. We have a very well funded county government staff, which can have the unintended consequence of hindering new starts because too many people want to "help." I have witnessed a few new initiatives this last year suffer the death of a thousand paper cuts. There is much talk of the county helping businesses and housing, but then numerous small speed bumps are thrown in the way. A simple way to counter this is to actively measure overall timelines. Start a clock when a new business applies for a license and then track how long it takes. Bureaucrats, don't have ill intentions to slow things down, but it is amazing how much faster processes evolve if they are aware their speed is being monitored.
657	Open Participation	Less focus on the golf course
658	Open Participation	lessen fire hazard of weed infested overgrown public spaces
659	Open Participation	leverage federal BIL to decarbonize the county; leverage the innovative spirit of Los Alamos to lead innovation decarb solutions
660	Open Participation	Library Structure Expansion
661	Open Participation	Lights on outdoor fields for night time use
662	Open Participation	Local Business
663	Open Participation	Maintain the Omega Bridge.
664	Open Participation	Maintaining county facilities we already have instead of expanding.
665	Open Participation	Maintaining existing infrastructure instead of creating more.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

666	Open Participation	Maintenance of existing assets
667	Open Participation	Maintenance of existing facilities is better than development of new.
668	Open Participation	Maintenance on existing facilities
669	Open Participation	Maintenance upgrades to all current recreational fields and recreational facilities for kids & families
670	Open Participation	Make all the buildings that house county programs? Recreation or cultural activities nor accessible by following the outlined recommendations from the ADA audit including adding elevators or chair Lifts to two story buildings
671	Open Participation	Make it easier for small businesses
672	Open Participation	Mari Mac and Old Inn properties
673	Open Participation	medium size multipurpose performing arts venue
674	Open Participation	Mental Health
675	Open Participation	Mixed business/residential development in existing unused spaces
676	Open Participation	Mixed use buildings
677	Open Participation	more affordable housing
678	Open Participation	More apartments
679	Open Participation	More bike paths
680	Open Participation	More business fronts
681	Open Participation	More high density/affordable housing
682	Open Participation	More housing
683	Open Participation	More job opportunities
684	Open Participation	More mixed use housing--HOWEVER--the traffic load on St Rd 4 is CONCERNING and a safety/emergency hazard. This must be addressed with any future housing development in WR.
685	Open Participation	More retail and resteraunts
686	Open Participation	More secure internet service
687	Open Participation	MORE SHOPPING OPPORTUNITIES FOR OLDER PEOPLE WHO CANNOT LEAVE THE HILL
688	Open Participation	N/A
689	Open Participation	N/A
690	Open Participation	N/A
691	Open Participation	NA
692	Open Participation	Neighborhood park in Ponderosa estates, the ONLY neighborhood in the county without a park.
693	Open Participation	New golf course
694	Open Participation	New ice rink facility
695	Open Participation	No empty business buildings
696	Open Participation	NO MORE POWER/INTERNET OUTAGES. What an embarrassment in THIS county!
697	Open Participation	No sure
698	Open Participation	None
699	Open Participation	none
700	Open Participation	None
701	Open Participation	none
702	Open Participation	None
703	Open Participation	None - concentrate resources on taking better care of what we already have, not building more
704	Open Participation	none - we need to make sure all existing facilities are maintained and staffed.
705	Open Participation	None. Stress maintenance and repair instead.
706	Open Participation	Not sure anyone listens, but some type of hotel/conference center where we don't give away everything for them to come.
707	Open Participation	Nuke Kroger. Get us a grocery store that isn't a rip off!
708	Open Participation	Old Smiths Building
709	Open Participation	On the parks! Most parks I've been too is deteriorating more and more. Even the splash pad looks like it's deteriorating
710	Open Participation	Our school buildings are in grave need of repair
711	Open Participation	Outdoor pickle ball courts
712	Open Participation	Partnering with the schools for an accessible indoor recreation facility
713	Open Participation	paved bicycle path around Los Alamos / White Rock loop
714	Open Participation	Paving State Rd 4, tho that is probably a NMDOT project.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

715	Open Participation	Paving, FIRE PREVENTION
716	Open Participation	Pedestrian/bike underpass under Trinity road by Ashley Pond (like the one by the Co-op)
717	Open Participation	Pickle ball courts
718	Open Participation	Pickle Ball Courts
719	Open Participation	Pinon Park Pool is failing. I would like to see county purchase the lot and build a recreational facility that supports White Rock community, and can charge out of county residents that commute into and out of the lab.
720	Open Participation	Playground additions that are 1) disability friendly 2) sensory rich 3) structures for older children and not just very young children
721	Open Participation	Please more affordable places to live. Lab workers have enough of the choices!!! You need all of us for a community not just the lab and its workers!
722	Open Participation	Preserve open spaces
723	Open Participation	Provide stable/reliable electric power!
724	Open Participation	Public transportation on weekends and holidays.
725	Open Participation	Putting actual bike lanes on major county roads, such as Jemez road.
726	Open Participation	Putting electric infrastructure in the Denver steels underground
727	Open Participation	Quit wasting money on holiday decorations & art
728	Open Participation	Realistically - replace the ski hill road. Otherwise allow development of new mountain biking.
729	Open Participation	Rebuild/Renew the Meri-Mac Village Shopping Center
730	Open Participation	Rebuilding the downtown area to be pleasing with building design and landscaping
731	Open Participation	rec center, more than just a pool.
732	Open Participation	Recreational facility
733	Open Participation	Redevelop County and LAPS properties to serve the community instead of the Lab. Restrict commercial leasing to LANL and support contractors unless the DOE wants to release CLEAN developable land to allow growth.
734	Open Participation	Redevelopment of downtown including Main Street and Kroger pads. They cannot have a monopoly of our town which they currently do.
735	Open Participation	Redevelopment of hilltop house site as a welcoming parkland entryway to our city; Redevelopment of the old Smiths and parking lot into townhomes, condos and new retail/ restaurant space.
736	Open Participation	Reduce abandoned buildings
737	Open Participation	Redundancy in power and internet broadband as mentioned above
738	Open Participation	Reliable broadband and cell phone that can't be taken out by rodent chewing one fiber cable
739	Open Participation	Reliable electrical service
740	Open Participation	Reliable electricity - reduce outages
741	Open Participation	Reliable high-speed broadband service throughout the county
742	Open Participation	Reliable, high-speed, broadband internet
743	Open Participation	Relocate above ground high power electrical lines underground.
744	Open Participation	Renew/enhance the Omega bridge to be more user friendly for all modes
745	Open Participation	Repair of highway 4 between Truck Route and White Rock
746	Open Participation	repaving without entirely destroying traffic
747	Open Participation	Replace lighting wherever possible to comply with dark sky standards
748	Open Participation	replace old infrastructure like sewer and water pipes!
749	Open Participation	Resilient power
750	Open Participation	Restoration of the WAC and include the community in the preservation of such an important historic site.
751	Open Participation	Resurface access highway from Los Alamos to White Rock
752	Open Participation	Resurfacing Hwy 4. Know a number of municipalities are involved but it is in awful shape.
753	Open Participation	Resurfacing roads. The pavement is in poor condition in many parts of LA.
754	Open Participation	Retail options & teen activity options.
755	Open Participation	Revitalize business areas.
756	Open Participation	Revitalize downtown (CB Fox building etc).
757	Open Participation	Revitalize downtown. Offering a diverse range of businesses and restaurants.
758	Open Participation	revitalize our downtown. Break the hold Smith's has over competition - they are much of the issue with killing our downtown.

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

759	Open Participation	Revitalizing White Rock, the gateway for visitors to Bandelier. Because of lack of businesses,, the county and visitors are missing out. White Rock residents would benefit, too. Absolutely ACT shuttles need to advertise events, activities, shopping and restaurants in our county.
760	Open Participation	Revive the old railroad line from Santa Fe toward Española and Los Alamos as far as it goes. Prepare for long term expansion of light/commuter rail services along the Rio Grande Valley in this direction, to tie community into Albuquerque transit options (Sunport, Amtrak), reducing reliance on buses.
761	Open Participation	Rework degraded NM4 to better support heavy vehicles that the county runs regularly to Bandelier
762	Open Participation	Road from Los Alamos to Rio Rancho
763	Open Participation	Road improvements
764	Open Participation	Road widening
765	Open Participation	Road, utility and overall zoning improvements. If we want to add new (and various) housing options and increase the population we require a rework of roads and utilities to support the population influx.
766	Open Participation	Roads
767	Open Participation	Routine public shuttle service to the Albuquerque airport
768	Open Participation	safe bicycle lanes that connect any two points in town
769	Open Participation	Safer water and electricity
770	Open Participation	Sewer plant in White Rock
771	Open Participation	sewer/water service not breaking every year in old neighborhoods
772	Open Participation	Ski area snowmaking
773	Open Participation	Social Services hub
774	Open Participation	Solar
775	Open Participation	Some kind of small convention hall, meeting space, show space, events center. etc
776	Open Participation	spend less money
777	Open Participation	Splash pad in Los Alamos
778	Open Participation	Split between 1) Transportation; and 2) Telecommunications/Internet/Broadband Improvements
779	Open Participation	Spruce up Central Ave. to be vibrant and lively.
780	Open Participation	Stabilize historic structures such as the former Christian Science /WAC building
781	Open Participation	Stables and Rodeo grounds. They look horrible.
782	Open Participation	State road 4 to White Rock. More businesses in White Rock. Restaurants mainly.
783	Open Participation	Stop nuisance committee!
784	Open Participation	STOP SPENDING
785	Open Participation	Stop the rock slides on main hill road
786	Open Participation	Street repair
787	Open Participation	Streets
788	Open Participation	Support small businesses
789	Open Participation	Support the White Rock town center
790	Open Participation	Swimming pool in White Rock
791	Open Participation	Take care of the properties such as parks and fields better. Piss poor. Gophers and poor maintenance of sports fields makes them dangerous.
792	Open Participation	telecom/broadband
793	Open Participation	Tennis complex with at least 5 courts.
794	Open Participation	Tennis court complex
795	Open Participation	The Carbon Free Power Project
796	Open Participation	The downhill mountain bike trail
797	Open Participation	The health and vitality of retail opportunities
798	Open Participation	The Ice Rink is past its life expectancy; but whatever capital improvement project, do it right the first time, rather then retro-fit or go back & fix because the County didn't appropriate enough funds.
799	Open Participation	The old smith's building
800	Open Participation	Traffic flow by hospital/high school
801	Open Participation	Trail improvement.
802	Open Participation	trails maintenance

Question 15: Thinking about the next few years, what is ONE CAPITAL IMPROVEMENT PROJECT you would like the County to pursue?

803	Open Participation	Trash stations at trailheads
804	Open Participation	Trinity Drive pedestrian overpass
805	Open Participation	Tween Center
806	Open Participation	Underground utilities
807	Open Participation	Underground utilities
808	Open Participation	UNIVERSAL HIGH-SPEED INTERNET ACCESS
809	Open Participation	Unknown
810	Open Participation	Updating rules for commercial rental spaces to benefit small businesses over property owners
811	Open Participation	Upgrade old utilities so fewer power outages and install broadband at same time
812	Open Participation	Upgrade playgrounds
813	Open Participation	Upgrade the Electrical system and put the wiring underground.
814	Open Participation	Upgrade utilities
815	Open Participation	Upgrade Utilities your
816	Open Participation	Upgrade utilities.
817	Open Participation	Upgrades to Hospital
818	Open Participation	Urban blight in white rock and Los Alamos down town areas
819	Open Participation	Urban Trails
820	Open Participation	Use existing empty or practically unused buildings for things that people need, enjoy, and use!!
821	Open Participation	Using De Vargas Mall as a model, create an indoor activity space that mixes retail and a heated/cooled areas for walking (especially for elderly) along with activity tables and benches.
822	Open Participation	utility and internet
823	Open Participation	Utility infrastructure (electric grid, water main upgrade)
824	Open Participation	Utility infrastructure improvements
825	Open Participation	Utility security and upgrade
826	Open Participation	utilize blighted space downtown for the community and not LANL
827	Open Participation	Water and gas infrastructure upgrades
828	Open Participation	We need a mayor
829	Open Participation	We need a sidewalk for the residents of Elk Ridge to be able to walk or ride a bike to the bridge to get to town. It is very dangerous to do so today.
830	Open Participation	What are the options on the table? Kids and families should be the number one focus.
831	Open Participation	Whatever it takes to have a thriving downtown. Right now looks Depression era.
832	Open Participation	white rock business district
833	Open Participation	White Rock center
834	Open Participation	White Rock redevelopment
835	Open Participation	White Rock Town Center Redevelopment
836	Open Participation	Wildfire mitigation.
837	Open Participation	Work on the Trail Network
838	Open Participation	Work to transition to green energy in schools and county owned buildings
839	Open Participation	Work with the State to improve Highway 4 from the Truck Route to White Rock.
840	Open Participation	Work with the State to make SR4 4 lanes between White Rock and the Truck Route

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

1	Scientific Sample	#3 or #4.
2	Scientific Sample	(cannot think of one)
3	Scientific Sample	?
4	Scientific Sample	?
5	Scientific Sample	?
6	Scientific Sample	?
7	Scientific Sample	???
8	Scientific Sample	acceptance and tolerance towards LGBTQ community
9	Scientific Sample	Actually, I am tired of hearing about racial equality.
10	Scientific Sample	Affordable Education and housing.
11	Scientific Sample	Affordable housing
12	Scientific Sample	Affordable housing
13	Scientific Sample	Affordable housing
14	Scientific Sample	affordable housing
15	Scientific Sample	Affordable Housing
16	Scientific Sample	Affordable housing
17	Scientific Sample	Affordable housing
18	Scientific Sample	Affordable housing
19	Scientific Sample	Affordable Housing for everyone
20	Scientific Sample	Affordable housing for students on equal basis
21	Scientific Sample	affordable housing opportunities to increase service sector workforce population
22	Scientific Sample	Affordable housing options. & community parks &.
23	Scientific Sample	Affordable housing!!!.
24	Scientific Sample	Affordable housing.
25	Scientific Sample	Affordable housing.
26	Scientific Sample	Affordable housing.
27	Scientific Sample	Affordable housing.
28	Scientific Sample	Affordable local business space.
29	Scientific Sample	AFFORDABLE Residential Housing
30	Scientific Sample	Again, widely available, easily accessible public transit.
31	Scientific Sample	All people matter.
32	Scientific Sample	Allowing for more cultural oppportunities
33	Scientific Sample	Amount & types of housing options.
34	Scientific Sample	As a privileged white person, I would like to learn more about others' experiences. Work with SALA to create a Diversity series possibly including lectures from local residents about their experiences in Los Alamos with acceptance and discrimination. Maybe also movbies. Help us learn ways in which we may hold prejudices we are not aware of.
35	Scientific Sample	AS LAPS IS PROPERTY OF THE COUNTY THIS COULD BE A GREAT PLACE TO START. I HAVE WITNESSED THE LACK OF INCLUSIVITY FIRST HAND. NOT ONLY FROM THE BULLYING ASPECT BUT WITHIN THE SCHOOL SYSTEM ITSELF! IF OUR KIDS DONT FIT WITHIN THE SO CALLED STATUS QUO "THEY ARE SINGLED OUT; AND THEY ARE MADE TO FEEL THEY ARE THE PROBLEM AND ARE EASY TARGETS FOR THEIR PEERS AND TEACHERS!.
36	Scientific Sample	As long as Los Alamos maintains housing only for the affluent, it will remain a community that only allows the select few to live here.
37	Scientific Sample	As our community diversifies, find out how to support minority and disadvantaged citizens of Los Alamos County and discover what barriers they have in the community.
38	Scientific Sample	Aside from the obvious, improved access to housing and transit.
39	Scientific Sample	Attracting more diverse businesses.
40	Scientific Sample	balance low income housing with increased police strength to stay ahead of the feared crime increase
41	Scientific Sample	Being open to diversity of representation in elected and leadership positions.
42	Scientific Sample	Better relationships with local pueblos
43	Scientific Sample	Better social services.
44	Scientific Sample	Bilingual schooling

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

45	Scientific Sample	Bring Tewa + Navajo influences to town - art? If "Mexican" people are 45% of population; where is their & staff?
46	Scientific Sample	broadband
47	Scientific Sample	broadband
48	Scientific Sample	Broadband as a utility
49	Scientific Sample	Business / restaurant diversity.
50	Scientific Sample	Business opportunities
51	Scientific Sample	Businesses.
52	Scientific Sample	Can't think of one.
53	Scientific Sample	Career development center
54	Scientific Sample	City seems very inclusive and welcoming.
55	Scientific Sample	Co-exist.
56	Scientific Sample	communication
57	Scientific Sample	Communication with public.
58	Scientific Sample	communication with the public
59	Scientific Sample	Communication.
60	Scientific Sample	Communication. I'm not sure what the intent of this and the previous question is, so it's difficult to provide a good response. Are these topic areas problems in Los Alamos County?
61	Scientific Sample	Community engagement and education
62	Scientific Sample	Consultation with Pueblos about increased LANL traffic.
63	Scientific Sample	Continue building lower income areas.
64	Scientific Sample	County Council diversity
65	Scientific Sample	County statement of strong support of all minorities (ethnic/gender/religious/...) by ALL councilors
66	Scientific Sample	cross cultural festival
67	Scientific Sample	Customer service/treatment of customers and residents
68	Scientific Sample	Data driven inclusivity AND anti-racism training for County staff, contractors, and elected officials, as well as facilitation of similar training for local organizations and businesses who seek it.
69	Scientific Sample	Discuss subconscious bias and it's effect
70	Scientific Sample	Diversity
71	Scientific Sample	DIVERSITY IN BUSINESSES & ALSO-THE OWNERSHIP ETC.
72	Scientific Sample	DO NOT DISCRIMINATE.
73	Scientific Sample	DO NOT PURSUE. Los Alamos County residents are not racists - and shame on you for this allegation/assumption.
74	Scientific Sample	Don't alienate the traditional families with radical ideas in the community and schools
75	Scientific Sample	Don't know
76	Scientific Sample	Don't know
77	Scientific Sample	don't know
78	Scientific Sample	Don't know.
79	Scientific Sample	Don't know. Probably not qualified to answer anyway.
80	Scientific Sample	Draft an unambiguous definition
81	Scientific Sample	Economic development is the fastest route to improvement of the lives of all ethnicities. EQUITY is a canard word, EQUALITY OF OPPORTUNITY cures inequities.
82	Scientific Sample	educate community on this and probably work with the lab on this since it is also a priority there?
83	Scientific Sample	EDUCATING OUR CHILDREN/YOUTH.
84	Scientific Sample	Educating the k-12 on equality and acceptance of difference
85	Scientific Sample	Educational needs of children.
86	Scientific Sample	ELECTRICAL INFRASTRUCTURE.
87	Scientific Sample	Elimination of "woke" culture
88	Scientific Sample	Encourage diversity in voting and wanting to be involved. There needs to be more diversity on the county council.
89	Scientific Sample	Encourage respect - no emphasis on race or gender.
90	Scientific Sample	ensure equal opportunity in the hiring process.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

91	Scientific Sample	Ensure schools are not doing critical race or gender identity training.
92	Scientific Sample	equal pay and incentives for the same job regardless of race, age, or gender for existing county employees.
93	Scientific Sample	Equal treatment
94	Scientific Sample	Equal treatment for all people.
95	Scientific Sample	Equ'aty includes all people - affordable single housing.
96	Scientific Sample	Equitable treatment in healthcare.
97	Scientific Sample	Events that will attract a diverse group of people.
98	Scientific Sample	Expose & reduce hate crimes.
99	Scientific Sample	Fair pay regardless pf race, gender, gender orientation
100	Scientific Sample	Focus on health equity council.
101	Scientific Sample	Focus on other issues concerning economic development.
102	Scientific Sample	Forget racial equity.
103	Scientific Sample	Get a grip and actually understand what low income housing is !!! It is NOT the low end of what a LANL scientist can afford !!!
104	Scientific Sample	get open access to pueblo/tribal areas, land.
105	Scientific Sample	Get rid of institutional biases.
106	Scientific Sample	give a fair opportunity to all organizations to fly their flag and have a parade and to have a week of recognition at the high school
107	Scientific Sample	Good communication and shared projects with local pueblos.
108	Scientific Sample	Have festivals involving food & activities of different countries such as Greek; Irish; African; Middle Eastern; Indian etc. Not sure if we have enough people for this but I would love it.
109	Scientific Sample	Have more events, especially for celebrating festivals for minorities
110	Scientific Sample	Have more minority representation
111	Scientific Sample	HAVING MORE SERVICES FOR THE CITIZENS.
112	Scientific Sample	Having storage yards to rent out to people with heavy equipment that provide blue collar services to the community.
113	Scientific Sample	Help our white community (this includes me) to understand and accept the systemic racism built into our system, Then do something to help rectify it.
114	Scientific Sample	Help remaining Small Businesses
115	Scientific Sample	Helping to continue improving community relations with communities off the hill.
116	Scientific Sample	HIGH QUALITY BROADBAND.
117	Scientific Sample	Hiring
118	Scientific Sample	Hiring more minorities
119	Scientific Sample	Housing
120	Scientific Sample	Housing
121	Scientific Sample	Housing
122	Scientific Sample	Housing
123	Scientific Sample	Housing amount and variety
124	Scientific Sample	Housing for low-income peoples.
125	Scientific Sample	Housing Options
126	Scientific Sample	Housing options for service people in our community (those who don't work at the Lab).
127	Scientific Sample	Housing options.
128	Scientific Sample	HOUSING OPTIONS.
129	Scientific Sample	HOUSING!.
130	Scientific Sample	Housing.
131	Scientific Sample	Housing.
132	Scientific Sample	Housing.
133	Scientific Sample	Housing.
134	Scientific Sample	HOUSING.
135	Scientific Sample	I believe the County is on the right course and should continue to reinforce it's present policies and efforts.
136	Scientific Sample	I do not believe that the county engages in inequality.
137	Scientific Sample	I do not experience any racial and inclusivity issues, i think that is oversold.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

138	Scientific Sample	I do not think the council should focus on this at all. The council should focus on running the city/county, ensuring public services are delivered to a high standard of quality at a competitive cost. The council spends too much time and taxpayer money on agendas that are simply not appropriate. The objective should be focus on how to be most efficient with taxpayer money rather than cook up all kinds of social agendas and grow government. It's taxpayer waste, fraud, and abuse.
139	Scientific Sample	I do not think this an issue.
140	Scientific Sample	I do not think we have a racial , equity problem
141	Scientific Sample	I do not trust the county to listen or take input into account when making decisions so it is pointless to make suggestions.
142	Scientific Sample	I don't feel qualified to say.
143	Scientific Sample	i don't know
144	Scientific Sample	I don't know but my sister-in-law who is Hispanic (but not Northern NM Hispanic) feels this is a very racist town - experienced through interactions w/ local businesses & customers of the businesses.
145	Scientific Sample	I don't know of any. I think we are very inclusive as a community.
146	Scientific Sample	I don't know. To live here, one must have a good income. It doesn't matter what gender or race, it matters how much money one makes.
147	Scientific Sample	I don't know. Being a resident for 7/years; I never experienced any racial discrimination.
148	Scientific Sample	I don't know. Teaching children respect for all?
149	Scientific Sample	I don't see any deficiencies in racial equity and inclusivity. I know people from more than a half dozen racial and ethnic backgrounds and they are all successful and valued members of this community. However, economic equity and inclusivity could be improved by broader employment opportunities and a wider range of less expensive housing options.
150	Scientific Sample	I don't see any evidence of racial inequality in Los Alamos - quite the opposite. I do think that people in lower income brackets seek one thing and that is opportunity - help with seed money to start there own small business.
151	Scientific Sample	I don't think the county should invest money in these areas.
152	Scientific Sample	I don't think this should be a focus of the county's. I believe Los Alamos is ahead of the cure when it comes to racial equality and inclusivity.
153	Scientific Sample	I feel they do a good job at that
154	Scientific Sample	I feel this is a non issue
155	Scientific Sample	I have no ideas.
156	Scientific Sample	I have no suggestions.
157	Scientific Sample	I honestly don't knew; race isn't as big as age/sex desc in LA.
158	Scientific Sample	I SEE NO RACIAL ISSUES EXCEPT FOR THE LIBRILIZM OF THE COUNTY.
159	Scientific Sample	I think it's fine as is.
160	Scientific Sample	I think the county is doing an excellent job. The recently passed ordinance about weed control discrimanates against older citizens who are unable to always keep weeds under control. The county property has the most weeds.
161	Scientific Sample	I would love to see more restaurant variety that impact different cultures. Or maybe a yearly cultural festival where people can learn and eat from different places.
162	Scientific Sample	I'd like the county to lead the way in anti-racism work so the public schools can stop pretending we don't have a racism problem.
163	Scientific Sample	Ignore it completely. That's the best path forward. You shouldn't atone for the sins of the past by altering the present.
164	Scientific Sample	I'm not aware of issues in LA county.
165	Scientific Sample	Improve business environment/ more & various businesses.
166	Scientific Sample	improve utility
167	Scientific Sample	Improving senior housing facilities.
168	Scientific Sample	Increase diversity in county staff hiring.
169	Scientific Sample	Increase diversity of boards and commissions. Share our history of different cultures. Opportunities for self-expression through arts programs. Art shows/music/ dance related to certain cultures.
170	Scientific Sample	Increase diversity of people shown in County media publications

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

171	Scientific Sample	Increase racial diversity.
172	Scientific Sample	Increase support for mixed use; high density; & affordable housing.
173	Scientific Sample	Increased cultural experiences with surrounding communities
174	Scientific Sample	Increasing affordable housing options
175	Scientific Sample	Increasing diversity of businesses.
176	Scientific Sample	Increasing housing options for lower paid individuals.
177	Scientific Sample	Increasing housing options.
178	Scientific Sample	Increasing the amount & types of housing options.
179	Scientific Sample	infrastructure
180	Scientific Sample	Infrastructure investment and maintenance
181	Scientific Sample	Infrastructure modernization.
182	Scientific Sample	Infrastructure.
183	Scientific Sample	Introduction to natural resources through school activities.
184	Scientific Sample	Investing in infrastructure for all ... not just Golf Courses
185	Scientific Sample	INVESTING IN INFRASTRUCTURE.
186	Scientific Sample	Investing in infrastructure.
187	Scientific Sample	It is not the job of any government to provide privileges to any group. All should be treated equally under the law.
188	Scientific Sample	Just make sure all people are treated with respect
189	Scientific Sample	Less focus on LGBTQ and more focus on children's well being
190	Scientific Sample	Listen to the public, and not just the older generations
191	Scientific Sample	Local Business Opportunities
192	Scientific Sample	local business support
193	Scientific Sample	Los Alamos county is already and historically the melting pot of all races.
194	Scientific Sample	Low cost housing options
195	Scientific Sample	Low income housing.
196	Scientific Sample	Lower cost housing.
197	Scientific Sample	Lowering taxes.
198	Scientific Sample	Maintain the status quo.
199	Scientific Sample	Make it m ore attractive for non lab employees to move here, it's hard to live here if you don't have one spouse work at the lab. And there isn't a lot of draw for younger single folks.
200	Scientific Sample	Make more more income cap housing.
201	Scientific Sample	make newcomers feel welcome
202	Scientific Sample	Make sure all the leadership positions within Los Alamos county are made up of diverse individuals.
203	Scientific Sample	Make sure history education and inclusivity in schools ist not whitewashed/limited
204	Scientific Sample	Make sure schools are teaching diversity and equity
205	Scientific Sample	making everyone, despite economic status, feel welcome and needed to the community
206	Scientific Sample	Making the county more welcoming to non-white residents.
207	Scientific Sample	Martin Luther King Jr celebration day events
208	Scientific Sample	Mixed use housing developments
209	Scientific Sample	More businesses
210	Scientific Sample	More collaboration, with neighboring communities.
211	Scientific Sample	More diverse dining/business options
212	Scientific Sample	More diversity on the county board and with recruitment to Los Alamos
213	Scientific Sample	More events focused on racial reconciliation.
214	Scientific Sample	More populous that is diverse and inclusive to the ones that wouldn't have it otherwise, the down and out middle class families. Less wealthy white families, please. The ones who would make the biggest difference in our community are the people who are mostly likely to remain in Los Alamos county, the ones who have been working hard to get their dream careers up here. Not the kids who get their bachelors, master, or doctors degrees paid for by their parents and work at the LANL with their Tesla's.
215	Scientific Sample	more racial equity and inclusivity - It should permeate everything you do.
216	Scientific Sample	N/A
217	Scientific Sample	n/a

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

218	Scientific Sample	N/A
219	Scientific Sample	N/A
220	Scientific Sample	N/a
221	Scientific Sample	n/a
222	Scientific Sample	n/a
223	Scientific Sample	N/A.
224	Scientific Sample	N/A.
225	Scientific Sample	NA.
226	Scientific Sample	New Mexico was founded by the Spanish. How about a county wide celebration of Cinco de Mayo?
227	Scientific Sample	No comment
228	Scientific Sample	No comment.
229	Scientific Sample	NO COMMENT.
230	Scientific Sample	No focus necessary in this area
231	Scientific Sample	No interest in woke.
232	Scientific Sample	No opinion
233	Scientific Sample	No opinion,
234	Scientific Sample	no sjuggestion
235	Scientific Sample	Non - issue - private enterprise has power.
236	Scientific Sample	None
237	Scientific Sample	none
238	Scientific Sample	None
239	Scientific Sample	None
240	Scientific Sample	none
241	Scientific Sample	none needed
242	Scientific Sample	None, focus on actual needs not feelings based ideologies
243	Scientific Sample	None, the topic has gone over the top...there should be no preferential status in any regime.
244	Scientific Sample	None.
245	Scientific Sample	NONE.
246	Scientific Sample	None.
247	Scientific Sample	None.
248	Scientific Sample	NONE.
249	Scientific Sample	None.
250	Scientific Sample	None.
251	Scientific Sample	None. Equity is a marxist ideal. No one is the same as anyone else. We already have equality of opportunity. I will not be forced to include those that do not share my values. Take your woke garbage and throw it out
252	Scientific Sample	None. This county has always been very inclusive. We have been multicultural since the 40s. I've been here since the 40s.
253	Scientific Sample	Not [?].
254	Scientific Sample	not over-funding special interests such as Golf Course
255	Scientific Sample	not sure
256	Scientific Sample	Not sure
257	Scientific Sample	Not sure.
258	Scientific Sample	Not sure.
259	Scientific Sample	NOT SURE.
260	Scientific Sample	nothing
261	Scientific Sample	Nothing.
262	Scientific Sample	Nothing. It's fine as is.
263	Scientific Sample	Nothing. Life is not fair.
264	Scientific Sample	obsessing with racial equity in itself is racist
265	Scientific Sample	Opportunities for all school children, not just the "gifted" kids.
266	Scientific Sample	Opportunities for us all to learn about and appreciate the diverse cultures and ethnic groups drawn to the area through employment at the national laboratory as well as found in the surrounding area.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

267	Scientific Sample	Outreach to Pueblos regarding increased laboratory traffic impact including air quality, commute times, etc
268	Scientific Sample	outreach to tribal schools
269	Scientific Sample	people are people
270	Scientific Sample	Please make it affordable to live here.
271	Scientific Sample	POLICY; POSSIBLY A CULTURAL FAIR.
272	Scientific Sample	Preserve and honor the ancient cultural history of the area, for example the ancient pueblo history and the people's that once lived here
273	Scientific Sample	Promote small business opportunities for minorities.
274	Scientific Sample	public discussion events
275	Scientific Sample	Publicly recognize and schedule various cultural festivals of the diverse culture who live in this town.
276	Scientific Sample	Question 16 seeks to "solve" racial equity with...affordable housing, therefore drawing the racist conclusion that all people of color are poor. Huh? We have an excellent online newspaper and more communication and shining of light on racist incidents would be great. Why isn't there a choice in question 16 having to do with the police force. Why have the LA Cops done two traffic stop on my boss, who happens to be a person of color, while he is driving peaceably home from work, breaking no laws, to ask him "Are you lost?" That is outrageous!
277	Scientific Sample	Quit emphasizing differences.
278	Scientific Sample	Quit harassing small business owners; in particular the owners of Sirphys.
279	Scientific Sample	Race is an artificial construct. Eliminate it from the vernacular and treat all people fairly and honestly regardless of their pigmentation or personal identification(s).
280	Scientific Sample	Racial Equity is against the law. County should treat all equally.
281	Scientific Sample	RACIAL EQUITY is an Affirmative action lie that should be wholly rejected.
282	Scientific Sample	really? this inclusivity in another form of racism
283	Scientific Sample	Rent control for commercial/economic development. The same handful of people own all the buildings, charge outrageous prices, and discourage any type of development.
284	Scientific Sample	Require schools to implement American history classes, both the good and bad but the facts only.
285	Scientific Sample	required education on racial equity, classes.
286	Scientific Sample	Respect of all people
287	Scientific Sample	Respect people of all income levels
288	Scientific Sample	Restaurants
289	Scientific Sample	setting this question apart from the previous questions 14 and 15 lose sight of the fact that these solutions impact everyone, including the marginalized; there's no reason to deemphasize any previous response and make these separate questions.
290	Scientific Sample	Small and local business investment
291	Scientific Sample	Small business opportunities.
292	Scientific Sample	Social services improvement
293	Scientific Sample	Social services improvement
294	Scientific Sample	social services improvement, education in equality
295	Scientific Sample	Social services.
296	Scientific Sample	Sponsoring and promoting events that celebrate and address cultures and nationalities that are non-white and not European
297	Scientific Sample	Stop discrimination of white Christian males and females.
298	Scientific Sample	Stop focusing on race, the only issues are when the county focuses on it. Half this survey is about race and diversity instead of important matters the county really faces as a government.
299	Scientific Sample	Stop focusing on racial equity and inclusivity as a separate focus area. It is not a significant issue here, and undue focus on it results in delays, wasted money, and stupid decisions by allowing a tiny woke minority to dominate.
300	Scientific Sample	Stop racially profiling by the police
301	Scientific Sample	Stop seeing it
302	Scientific Sample	Stop trump from speaking ….XXXXXXXXXX
303	Scientific Sample	Stop worrying about REI; & focus on individual education & work.
304	Scientific Sample	Support for local businesses.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

305	Scientific Sample	Support for small business
306	Scientific Sample	support for small business
307	Scientific Sample	Support LA unit to enlist our local teens.
308	Scientific Sample	support local businesses
309	Scientific Sample	Support local businesses
310	Scientific Sample	Support local businesses (for example, Unquarked/Sirphey court case)
311	Scientific Sample	Support of businesses, including traditionally-underrepresented business small business owners
312	Scientific Sample	Supporting small businesses and the use of micro-loans to help entrepreneurs
313	Scientific Sample	Take out racial focus on humans.
314	Scientific Sample	The choices in Question 16 had little to do with racial equity and inclusivity! Not being part of a minority, I don't know how to answer this, but I strongly support any identified initiative.
315	Scientific Sample	The county has spent years on equity and inclusivity and its foundation. Chill already!.
316	Scientific Sample	There are few problems in this area.
317	Scientific Sample	There aren't enough people here who don't work at the lab- and it feels a bit like a gated community (but rather than a physical gate it's the cost of living). Non-lab workers have very little incentive to live here, and I think this hurts the county.
318	Scientific Sample	There is no problem here.
319	Scientific Sample	There is plenty of racial equity and far too much 'Inclusivity' & 'recognition'
320	Scientific Sample	This is not an issue in Los Alamos and I find the question offensive
321	Scientific Sample	This is not the County's business.
322	Scientific Sample	This must be a Democratic survey. Los Alamos County has allowed every type of Race to work in our County.
323	Scientific Sample	This question is a moot point. If everyone is treated equally, the rest will follow.
324	Scientific Sample	this wokism crap needs to stop
325	Scientific Sample	Townhall meetings. Announced publicly & ahead of time.
326	Scientific Sample	Training/educational.
327	Scientific Sample	Transparency to ethnic groups / stop discrimination.
328	Scientific Sample	Treat all people as equal; regardless of color. Equal opportunity; merit based.
329	Scientific Sample	Treat everyone equally when enforcing codes/laws.
330	Scientific Sample	Unaware this is a problem here. So education about issues.
331	Scientific Sample	Unknown
332	Scientific Sample	Unknown
333	Scientific Sample	unsure
334	Scientific Sample	Varied programs
335	Scientific Sample	varies and affordable housing
336	Scientific Sample	Viable and legitimate living wage job / career options that would allow folks to live in, feel a part of and know they're stakeholders in the community.
337	Scientific Sample	We already have racial equity etc etc.
338	Scientific Sample	We have larger issues to focus on then this.
339	Scientific Sample	Weekend bus service!
340	Scientific Sample	Welcome EVERYONE into the mixing pot of Los Alamos, but please please please don't go woke. It's so bad for business and community. Please don't buy in to the woke agenda. All it does is trade "unconscious bias" for "conscious bias". Please please please!!!
341	Scientific Sample	WE'VE NEVER HAD A PROBLEM WITH THIS SO STOP MAKING IT INTO ONE.
342	Scientific Sample	WHAT IS THIS ABOUT? DO WE HAVE "THE OTHERSIDE OF THE TRACKS?" SHOULDN'T THE COUNTY BE COLOR BLIND; NATIONALITY; SEXUALITY NEUTRAL?
343	Scientific Sample	What? We are the brotherhood of man. Let this go!.
344	Scientific Sample	Why are nearly all Ashley pond concerts country music? More diverse events would be a great step.
345	Scientific Sample	Worry less about blue tarps and worry more about affordable housing
346	Scientific Sample	You all go overboard already for the LGBT community. It would be great to see a balance with those who are not of that community. It seems if you are not white and not in the LGBTQ community, you are not as accepted here. It is quite odd. It has really affected the teens in this town.
347	Scientific Sample	You really need to treat all people equally; provide equal services; regardless if race.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

348	Open Participation	I would like to see the county partner with local and regional entities to celebrate the diversity of Los Alamos- the diversity of religions, the many countries and states represented, the traditional cultures of NM...June is recognized by the county as PRIDE month- it would be wonderful to express of pride in all kinds of diversity, and regionally I think Los Alamos is seen as a very homogenous society rather than how diverse it really is.
349	Open Participation	"Real" low-income housing. People can't afford what Los Alamos considers low income.
350	Open Participation	(No opinion)
351	Open Participation	?
352	Open Participation	????
353	Open Participation	A centrally located, multi purpose community hall that could be used by many for different needs or one large event.
354	Open Participation	A method for people with lower incomes to have the opportunity for decent housing.
355	Open Participation	A place for different cultures to celebrate cultural events. The churches do not allow people to use the halls when they find out cultural events will get held.
356	Open Participation	Access to healthcare
357	Open Participation	Access to reliable high-speed broadband
358	Open Participation	Acknowledgement of diversity
359	Open Participation	Acknowledging the complexity of the issue: what has been the history of treatment of Black, Latino/a/e/x people, and of Native people since the Manhattan Project? How does the tension between low-paying craft & service jobs in the county and at the Lab versus high-paying professional jobs exacerbate divides? Which populations, in moving here, are cut off from supportive communities, and how can we recreate them and revitalize them?
360	Open Participation	Acknowledging, through words and also actions, that this county sits on land taken from our indigenous neighbors, and not all that long ago.
361	Open Participation	Actually listen to constituents
362	Open Participation	Admitting that this town has a problem with racism, and working with interagency liaisons to overcome cognitive bias when distributing funds regionally.
363	Open Participation	affordable housing
364	Open Participation	affordable housing
365	Open Participation	Affordable housing
366	Open Participation	Affordable housing
367	Open Participation	Affordable housing
368	Open Participation	Affordable housing
369	Open Participation	affordable housing
370	Open Participation	Affordable housing
371	Open Participation	affordable housing
372	Open Participation	Affordable housing
373	Open Participation	Affordable housing
374	Open Participation	Affordable housing
375	Open Participation	Affordable housing
376	Open Participation	Affordable housing for less priveleged people that still want to live here
377	Open Participation	Affordable housing, it is a racial equity and inclusivity issue.
378	Open Participation	Affordable housing.
379	Open Participation	Affordable wages and housing that translate outside LANL
380	Open Participation	all abilities park facilities
381	Open Participation	As a person of color, stop this idea that different skin color means different ideas. It is insulting. If you truly want diversity, include all thought, even the ones you disagree with. Stop pandering to groups.
382	Open Participation	Awareness outreach
383	Open Participation	be less politically charged
384	Open Participation	Be more open to allowing property owners to create ADUs in the county.
385	Open Participation	Better communication and interface/input/respect with tribal neighbors, whose property and sovereignty rights directly overlap with both county and Lab property and projects
386	Open Participation	Better community awareness and training
387	Open Participation	Better housing for latino community.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

388	Open Participation	Better outreach
389	Open Participation	Better public/government communications
390	Open Participation	Bicycle Infrastructure
391	Open Participation	blue collar workers need places to live affordably, with opportunity for home ownership and safety within our community in order to work here.
392	Open Participation	Broadband upgrade
393	Open Participation	can't think of one
394	Open Participation	CAN'T THINK OF ONE
395	Open Participation	Celebrating diversity in a genuine way in all county communications send publications
396	Open Participation	Communicate status and actions
397	Open Participation	Communication
398	Open Participation	Consider appointing an ombudsman to work with the county attorney, customer service, and HR staff to assure issues and complaints from the community and county employees are addressed and resolved.
399	Open Participation	Continue educating and supporting events such as PRIDE Week
400	Open Participation	Coordinate cultural and art events that focus on minorities or local native groups.
401	Open Participation	Creating a racial equity and inclusivity page on the county website would be a good place to start. I didn't see anything there.
402	Open Participation	Cultural programs
403	Open Participation	Development of affordable housing and affordable small business commercial space.
404	Open Participation	Didn't know there was a problem.
405	Open Participation	Diverse businesses
406	Open Participation	diversify housing
407	Open Participation	Diversity hiring
408	Open Participation	Diversity hiring
409	Open Participation	Diversity in this town
410	Open Participation	diversity of residents
411	Open Participation	Don't care
412	Open Participation	Don't create animosity by focusing on racial equity and inclusivity
413	Open Participation	don't have one
414	Open Participation	Don't know
415	Open Participation	Don't know
416	Open Participation	Don't know.
417	Open Participation	Don't overly focus on such.
418	Open Participation	Don't run businesses owned by people of color out of town
419	Open Participation	education
420	Open Participation	Education and Community Events to promote understanding of different smaller ethnic groups.
421	Open Participation	Education for public on Native American Culture
422	Open Participation	Education/awareness
423	Open Participation	Educational outreach or public seminars/presentations on various topics.
424	Open Participation	Encourage cooperation not division
425	Open Participation	Encourage diverse populations to move here
426	Open Participation	enhancing support and opportunities for the local business environment
427	Open Participation	Enhansing support and opportunities for local business development
428	Open Participation	Ensure equitable response and access to county services
429	Open Participation	ensure police and county medical personnel are trained in equity and inclusion
430	Open Participation	Ensuring there are swift and significant consequences to individuals and/or groups demonstrating discriminatory behavior. The numerous instances that have occurred this year involving the school district are shameful and not what we thought this community would be like when we moved here.
431	Open Participation	Entertainment
432	Open Participation	Equal hiring practices
433	Open Participation	Equitable Education for all learning types
434	Open Participation	Everyone is important and should have opportunities for fun, learning and health.
435	Open Participation	fair housing

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

436	Open Participation	Feature stories about a diverse set of community members in the local paper that captures the diversity of people who live here and the day to day contributions that are made to the community
437	Open Participation	Focus on making housing affordable and abundant
438	Open Participation	Focus on real equality for all rather than race or sex-based categories.
439	Open Participation	Focus on the entire community not just the Senior Citizens and Children. Many county programs are either childcare or eldercare functions
440	Open Participation	Follow the existing laws, no need for more.
441	Open Participation	Fostering, demonstrating and insisting on an atmosphere of civility, respect and tolerance
442	Open Participation	Fund a food bank facility.
443	Open Participation	Giving access to better health care for all, no matter gender or ethnicity. Ex. Women's health
444	Open Participation	Greater housing options
445	Open Participation	Greatly increase low-cost housing, so that people with low-paying jobs can live and work here.
446	Open Participation	Help with health care needs for lower income citizens
447	Open Participation	High quality affordable broadband to everyone. It is hard to get reliable broadband and a decent price.
448	Open Participation	Hiring diverse people
449	Open Participation	Hiring more people of color and of diverse backgrounds
450	Open Participation	Hiring positions based on merit, screw the equity BS
451	Open Participation	hiring practices at the top levels
452	Open Participation	Home improvement for everyone
453	Open Participation	Housing
454	Open Participation	Housing
455	Open Participation	Housing
456	Open Participation	Housing
457	Open Participation	housing
458	Open Participation	Housing
459	Open Participation	Housing
460	Open Participation	Housing
461	Open Participation	Housing
462	Open Participation	Housing
463	Open Participation	Housing diversity
464	Open Participation	Housing opportunities.
465	Open Participation	Housing options
466	Open Participation	housing options
467	Open Participation	Housing options
468	Open Participation	housing!!
469	Open Participation	Housing!!!
470	Open Participation	housing. and the cost of living.
471	Open Participation	How about diversity on county council????
472	Open Participation	I do not know
473	Open Participation	I do not know
474	Open Participation	I do not see issues with Racial Equity and Inclusivity.
475	Open Participation	I do not think this should be the Council's priority
476	Open Participation	I don't know
477	Open Participation	I don't know
478	Open Participation	I don't know
479	Open Participation	I don't know and that's bad
480	Open Participation	I don't know.
481	Open Participation	I don't know.
482	Open Participation	I don't know. -- this is the best town I've ever lived in how its citizens were treated equally.
483	Open Participation	I don't t think racial issues should be a factor. Every resident is equal.
484	Open Participation	I don't think this is a problem that needs to be addressed.
485	Open Participation	I don't think we have a problem

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

486	Open Participation	I have no idea. This town is full of transplants that move here to work at one single place. Find a way to create opportunities for local New Mexicans to live here.
487	Open Participation	I have no suggestions
488	Open Participation	I think Los Alamos County does not have issues with racial equity and inclusivity, and to pursue time & resources on this is a waste, and not a function of good governance.
489	Open Participation	I think more interaction with members of nearby pueblos would be welcome.
490	Open Participation	I think the County should focus on ADA compliance
491	Open Participation	I would like the county to protect children from being bombarded with sexual and gender identity issues--schools and libraries have no business discussing these things with children under at least middle school age.
492	Open Participation	I would say getting rid of the is question! I strongly support equity and inclusivity, but the statement that you want ONE area makes this a checkbox issue instead of changing our culture. This is a terrible question.
493	Open Participation	I'm not sure what the racial issues are, but I would like low income residents to get help with housing, healthcare, and nutrition
494	Open Participation	Idk
495	Open Participation	If the County considered EVERYONE fairly all the time, in all circumstances, then the Couny/government wouldn't need special projects "focusing" on racieal equity and inclusion.
496	Open Participation	I'm more concerned about economic inclusivity than racial equity.
497	Open Participation	Improve business opportunities
498	Open Participation	Improve communication
499	Open Participation	Improve communication and LISTENING with residents including all resident opinions versus the elite. ie; Residents cant have "weeds" unless of course "weeds" were planned for in the rich neighborhoods. Among many other "Nuisance Law" attacks, allowances, and grievances the county either ignored pleas or allowed the segregation of lower-class citizens.
500	Open Participation	Improve infrastructure in lower income neighborhoods, the difference between quemazon and Denver steels east is striking
501	Open Participation	Improve the quality of healthcare across the board: LAMC, especially the ER, increase the number and quality of PCPs, and encourage a major pharmacy such as CVS or Walgreens to open a store in LAC
502	Open Participation	Improved Customer service by county employees
503	Open Participation	Inclusion of diverse voices in policy discussions.
504	Open Participation	Increase compensation for those who teach and care for our population with disabilities. Special Ed classes in the schools cannot fill positions or keep hires. The programs are lacking and that is because compensation is not competitive.
505	Open Participation	Increase diversity acceptance in our community
506	Open Participation	Increase housing options
507	Open Participation	Increase types of housing.
508	Open Participation	increasing affordable housing options so people don't have to live so far from work as they are starting out. Perhaps rental townhouses would be a good investment opportunity for those new lab employees or retail workers as they start out in LA.
509	Open Participation	increasing the amount and types of housing options
510	Open Participation	Informing the public on what is happening from a racial perspective in the county.
511	Open Participation	Infrastructure overhaul
512	Open Participation	Invite pueblos to our dances
513	Open Participation	Is racial equality an issue here!? Just a rhetorical question…we don't have racial equality issues here in this town. Your white guilt is driving you to try to solve national problems. Get your head out of your ***.
514	Open Participation	It's not a government problem
515	Open Participation	Just be fair and honest to everybody.
516	Open Participation	Just be inclusive everyday
517	Open Participation	Just continue. I think County does an excellent job at trying to serve the public in an equal and neutral manner, however a few Councilors bending to special interest groups or the ideals of a few residents on what is racial equity and inclusivity is not for the betterment of the overall good.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

518	Open Participation	Just get out of the way. This county is in good shape onn this issue.
519	Open Participation	keeping in mind & acknowledging that there are pros and cons to the Lab as a major employer in northern NM, and that not everyone works for the Lab or has a Lab paycheck in their family
520	Open Participation	Land acknowledgment at public meetings
521	Open Participation	Learning about the cultures of all races
522	Open Participation	Leave the topic alone except for public services which should be the same opportunity for everyone
523	Open Participation	Listening and responding to people of color directly, not just blanket "look at us, we're open-minded" posing.
524	Open Participation	Los Alamos does a good job here. Leave it alone!
525	Open Participation	Los Alamos should concentrate on housing cost for single income families
526	Open Participation	Low income housing
527	Open Participation	low-cost housing options
528	Open Participation	Make facilities accessible to all
529	Open Participation	Make it easier for small businesses
530	Open Participation	Make it easy for local businesses to stay. Remove as much bureaucratic red tape as possible.
531	Open Participation	Make it so small family businesses can operate here! Encourage that!
532	Open Participation	Making sure basic health services are available, such as an OB/Gyn
533	Open Participation	Maybe actually having people if color on these boards
534	Open Participation	More access and inclusion for young people with disabilities including physical, developmental, visible and invisible disabilities
535	Open Participation	More Affordable Housing
536	Open Participation	More affordable housing, not everyone works for LANL
537	Open Participation	More awareness that people if any race are still people.
538	Open Participation	More cooperation and interaction with our neighbors: towns and pueblos
539	Open Participation	More diverse businesses!
540	Open Participation	More diverse leadership!
541	Open Participation	More diversity in county managers/dept heads
542	Open Participation	More diversity on the council itself.
543	Open Participation	More diversity.
544	Open Participation	More family services, ie new moms groups
545	Open Participation	More financial support of library programs so that they are adequately funded to continue to be a community hub and host of forum discussions and connection and learning opportunities
546	Open Participation	More housing opportunities
547	Open Participation	More housing opportunities, but not at the expense of making Los Alamos full of crime and homelessness, like the majority of other cities in NM.
548	Open Participation	More housing options for workers.
549	Open Participation	More improvements in housing availability and quality.
550	Open Participation	More middle housing options
551	Open Participation	More multicultural events/programs open for everyone to attend
552	Open Participation	more organized activities that appeal to a broad spectrum of locals (across age, education level, economic status)
553	Open Participation	More racial balance in county hiring from top to bottom.
554	Open Participation	More social justice training for public servants
555	Open Participation	More welcoming community
556	Open Participation	Multi cultural events featuring music, food, arts and crafts of various countries with a focus on one area at a time.
557	Open Participation	N/A
558	Open Participation	N/A
559	Open Participation	N/A
560	Open Participation	N/A
561	Open Participation	N/A
562	Open Participation	N/A
563	Open Participation	n/a
564	Open Participation	N/A

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

565	Open Participation	Na
566	Open Participation	NA
567	Open Participation	NA
568	Open Participation	Native and homestead history of Los Alamos; plus the negative Ranch School history.
569	Open Participation	No idea. But the comments I've heard and acts I've witnessed tell me it's something the community needs to work on.
570	Open Participation	No problems
571	Open Participation	No suggestion
572	Open Participation	None
573	Open Participation	none
574	Open Participation	none
575	Open Participation	None
576	Open Participation	None
577	Open Participation	None
578	Open Participation	none - the county already does an outstanding job in this area - focus on infrastructure and business
579	Open Participation	None issue
580	Open Participation	None needed. this community seems to be open and fair to everyone. A reason I love living here.
581	Open Participation	None this town is already extremely inclusive
582	Open Participation	None, because I don't think the county is violating state or federal laws in regard to discrimination.
583	Open Participation	None, equity is a ridiculous issue, stop pandering
584	Open Participation	None, this is stupid. You are a government agency, respect everyone, quit wast time/effort on stupid things and fix our damn utilities and remove codes and requirements that make it hard and expensive to fix our homes/ properties.
585	Open Participation	None, we are all equal
586	Open Participation	None. It's a non issue unless you want to include blue collar people.
587	Open Participation	None. We can sort it out without county "encouragement"
588	Open Participation	Not a major insure, no need to spend time on
589	Open Participation	Not a priority
590	Open Participation	Not an issue at the present.
591	Open Participation	Not just treating all citizens the same, but treating all citizens well.
592	Open Participation	Not really the job of county government
593	Open Participation	not sure
594	Open Participation	Not sure
595	Open Participation	Not sure
596	Open Participation	not sure here
597	Open Participation	Not sure how to encompass this effort but it IS needed.
598	Open Participation	Nothing is needed.
599	Open Participation	NOTHING.
600	Open Participation	Offer Implicit Bias Training to everyone and Include those of other color in community and county decisions.
601	Open Participation	Opportunity
602	Open Participation	Preserve open spaces
603	Open Participation	Promoting a more inclusive community - encouraging everyone to stop judging people walking down the street for "looking like they don't belong here".
604	Open Participation	provide a way for anyone to get involved and initiate events, celebrations, educational opportunities to increase REI
605	Open Participation	Provide cultural discussion forums with people of all races, religions, and cultural backgrounds.
606	Open Participation	Provide more small business opportunities.
607	Open Participation	Provide opportunities for non-profit businesses to support less fortunate portions of our community, such as free or discounted rental space, and promotions/awareness within the community of services and events.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

608	Open Participation	Providing opportunities for community members to work TOGETHER on county projects...it builds community.
609	Open Participation	Public education. There seems to be a surprisingly strong anti-black sentiment in town and it needs to be addressed publicly with intelligent messaging.Beyond that, the recent anti-indigenous chanting at a middle school football game is indicative of racial issues in general.
610	Open Participation	Public transportation on weekends and holidays.
611	Open Participation	Purge/Prosecute all who were involved, aware of or in management over all actions & activities related to Unquarked business and remedy all attitudes and behaviors that contributed to the fiasco. Confess, correct and prevent future fiascos.
612	Open Participation	Put more of an emphasis in elementary education on the subject, and having a zero tolerance for racial harassment in the lab.
613	Open Participation	put more women and people of color in positions of power within the County (and drain the swamp there)
614	Open Participation	Quit giving religious organizations preference. This survey is biased for religion.
615	Open Participation	Quit picking favorites; support all local businesses (large, small, new, existing)
616	Open Participation	Racial equity and inclusivity is fine now.
617	Open Participation	Reassess existing priorities to focus on equity; Create opportunities for minority populations; Incident Reporting Program (discrimination incidence). I believe we have a county appointed DEI committee? We don't hear anything on it--does it have support and funds to assess and persue such issues?
618	Open Participation	Recognition that there is a problem
619	Open Participation	Regular training for county staff and members of the public
620	Open Participation	Remove all bias by/to race from local rules.
621	Open Participation	Representation in county planning
622	Open Participation	Slow the over hype that this is an issue in our community
623	Open Participation	Social services
624	Open Participation	Social Services Improvement
625	Open Participation	Specifically define the problem regarding racial equity and inclusivity that exists in Los Alamos County before spending time and money trying to solve it.
626	Open Participation	Sponsor more community events that celebrate diverse cultures and lifestyles.
627	Open Participation	Stop classifying & dividing people to be politically correct. Concentrate on managing the county, not people. Remember, the most discriminated-against person is the white male over 40 years of age who claims Christianity as his religion.
628	Open Participation	Stop discriminating against Barranca and White Rock residents
629	Open Participation	stop discriminating against non-whites
630	Open Participation	Stop dividing people with this Racial, equity and inclusivity nonsense. People who have worked for their possessions, healthcare, etc. have earned it because they were dedicated and have self-worth.
631	Open Participation	Stop excessive spending
632	Open Participation	Stop focusing on it and worry about all residents, regardless of race, religion or other special categories.
633	Open Participation	Stop inventing a problem to fight. DIE is a religious fad that our community doesn't need to have addressed with this state sponsored bigotry.
634	Open Participation	Stop making everything about race
635	Open Participation	Stop trying to shove things down people's throats. Majority of people are kind and inclusive and in a small community, creating artificial conflict to justify spending taxpayer funds on a tiny minority is not justified.
636	Open Participation	stop!!!! it is not your job!!!!
637	Open Participation	Stopping harassment of people derogatorily called anglos in the town
638	Open Participation	Support and improve social services
639	Open Participation	Support for a larger variety of cultural celebrations
640	Open Participation	Support for local small business development
641	Open Participation	Support for small, local businesses
642	Open Participation	Support for social services
643	Open Participation	Support for vulnerable populations.

Question 17: Thinking about the next few years, what is ONE area regarding RACIAL EQUITY AND INCLUSIVITY you would like the County to pursue?

644	Open Participation	Support middle and high school students' mental health by continuing to fund the Teen Center but also to work with local groups, the schools, mental health providers on providing activities for students who struggle with identity, purpose and those whose families are disadvantaged economically.
645	Open Participation	support new businesses taking over abandoned buildings for less rent
646	Open Participation	Supporting small businesses
647	Open Participation	Take care of homeless people
648	Open Participation	Targeted hiring and tourism to the African-American community.
649	Open Participation	The Council needs to better understand and support anything supporting residents that don't work at LANL. We have minimum wage residents whose needs must be considered. This includes removal of some of the ridiculous code enforcement actions focused on aesthetics
650	Open Participation	The county should put some energy in assisting small businesses regardless of race and gender. The county has a poor reputation for helping businesses in Los Alamos to start and grow.
651	Open Participation	The entire community, especially the council, ignores anything or anyone who doesn't look and think like them.
652	Open Participation	The options above seem to not correlate to racial equity..?
653	Open Participation	The town isn't so white-bread-with-mayo anymore. Can't think of anything right now.
654	Open Participation	There is already a lot of emphasis on this area. While important, it is not the most challenging aspect of our community.
655	Open Participation	This is a ridiculous question. Just treat ALL people fairly. Quite showing bias towards any group.
656	Open Participation	This is not a real issue here and should not consume county resources
657	Open Participation	This is not an issue.
658	Open Participation	This is such a fad topic! If everyone just treated everyone with respect and dignity, this buzz topic would be solved! That is why I did not answer question above.
659	Open Participation	Transgender people need their own bathroom, and their own sports competitions. DON'T mix them with males or females. Quit teaching that's there's more than two genders, THERE ARE ONLY TWO GENDERS!
660	Open Participation	Treat every TAX PAYER with
661	Open Participation	Walk the talk and end the hypocrisy. Do not espouse a commitment to equity, diversity, and inclusivity, then enact HOA-style 'nuisance' ordinances that price people out of the community. Admit that anonymous complaints and reports destroy any sense of neighborhoods. End the practice. If it is not important enough to step up and sign ones name to a complaint, then it is not serious enough to report.
662	Open Participation	We are all equal and inclusive...
663	Open Participation	We don't really have an issue with this
664	Open Participation	We need a mayor
665	Open Participation	We need better affordable housing. To visitors, this town is CREEPY.
666	Open Participation	We need to draw more medical professionals into this community. Physical and mental health is one of the biggest deficiencies this community has.
667	Open Participation	We need to make it clear the we are inclusive … especially with the gay/trans youth population. The religious nuts we recruit at the lab are really making things hard for this population.
668	Open Participation	What does any of those have to do with racial equity other than maybe offering a larger variety of housing. . .
669	Open Participation	Who cares about RACIAL EQUITY & INCLUSIVITY? What a nonsense, racist question. Serve everyone equally.
670	Open Participation	Work as a team. I'm tired of girl sports getting the short stick. Tired of negativity and the "I'm right , your wrong so I'm not going to listen to you" attitude. Being told I'm retiring soon, so I need to move to make room for the next generation.
671	Open Participation	Working with LAPS to address bigotry and harassment toward minorities and/or LGBTQ.
672	Open Participation	You should not be focused upon this!
